

# Restrict Moves of Diplomats

Is Placed on Romanian Staff As to Travel Outside Capital

WASHINGTON, May 26—(AP)—The United States today clamped tight restrictions on the movement of Romanian diplomats in the United States.

The move was in retaliation for actions against the American legation in Bucharest by Romania's Communist government.

Announcing the step at a news conference, Undersecretary of State Wedd said Romania has been informed that the United States will reduce its official personnel in Bucharest in accordance with a Romanian demand that the staff be slashed to 10 persons.

The travel ban restricts the movements of Romanian Minister Mihai Magheru and his staff to an area of 35 miles around the District of Columbia.

**Note to Minister**  
Minister Magheru was told in a note Webb sent him today:

"Permission to go beyond the area so described (35 miles from the D.C. boundaries) shall be requested in advance of the Department of state according to a prescribed form, of which a facsimile is enclosed herewith."

That means the Romanians can travel freely about Washington and the immediate vicinity but must have special permission from the department if they want to go anywhere else in the United States.

Romania has travel restrictions on the American diplomatic staff in Bucharest.

This is the first such action taken by the American government against any of the Communist bloc countries, but similar bans may be imposed on other Red satellite diplomats.

Webb said that the treatment of American diplomats in Romania and Czechoslovakia has become so bad that they and the United States may be moving toward a break in relations.

## Charge Bombing By Potato Bugs

BERLIN, May 26 — (AP) — The biggest story of the cold war here today, from the Communist side, was that "abominable, detestable and monstrous plot of the American imperialists" — their alleged bombing of Soviet East Germany with potato bugs.

When the German Communists raised this charge yesterday, American airmen answered with astonished laughter. But the Communists won't let it die.

The Soviet-controlled ADN news agency reported "indignation" had swept the Saxon countryside, where the "bombing" was said to have occurred. "Spontaneous" meetings of workers and officials and peasants sprang up everywhere.

At one such meeting, ADN reported, a resolution was adopted which proclaimed: "Today it's potato bugs which are being thrown on our fields by American fiends. Tomorrow it can be atom bombs. This abominable crime must be exposed before the world as an attack against our peaceful word and an attempt to sabotage our food supply."

## 'Uncle Tom's' Tent Cabin Down

DALLAS, May 26—(AP)—A high wind early today tore down a circus tent in which a little theater group has been presenting "Uncle Tom's Cabin." Richard Tedwell, 16-year-old member of the cast, was injured.

The show had closed and Tedwell was the only person remaining.

The wind was part of a storm-breeding cool front which brought a tornado last night to Crane, a west Texas oil town and wind-hail and rain to other points in west and north-central Texas.

No one was injured at Crane, but property damage was estimated at between \$150,000 and \$200,000.

**Union Electric After New Financing**

JEFFERSON CITY, May 26—(AP)—Union Electric Company of Missouri asked the state Public Service Commission today to approve \$5,000,000 of new financing. The money would be used in a 1950 construction program estimated to cost about \$37,500,000.

Union Electric wants to issue and sell 350,000 more shares of no-par common stock to the North American Company for \$5,000,000.

## Smiles After Brush With Death

Betty Barbutti, 19, stepped from the path of one Lackawanna railroad train into the path of another while crossing the tracks near Scranton, Pa. She threw herself flat between the rails, lying motionless while the engine, 10 cars and the caboose passed over her. She suffered head and shoulder injuries and was unconscious for a time. The next day, however, she was feeling fine and smiling as Dr. Henry Beilman (left) visited her in State Hospital at Scranton. (AP Wirephoto)

## Hold Two in Circus Holdup

Brothers Arrested At Omaha in an \$18,100 Robbery

LITTLE ROCK, May 26—(AP)—Two brothers were held at Omaha, Neb., today in connection with an \$18,100 circus robbery at Berryville, Ark., last October.

The two were identified as Rex Alkana Baker, 45, and Riley Simpson Baker, 41, both of Dallas.

The U. S. district attorney's office at Fort Smith, seeks their removal to Arkansas to face charges of interstate transportation of stolen property, a federal offense. The Bakers were to be arraigned at Omaha today.

They were taken into custody at Omaha last night by the Federal Bureau of Investigation and Omaha detectives. Their arrest was announced here by S. S. Alden, special agent in charge of the Little Rock FBI office.

The robbery occurred last Oct. 19 as the Al C. Kelley-Miller Brothers circus was starting for Huntsville after two performances at Berryville.

Three armed men held up circus owner Kelley Miller and his wife as the Millers prepared to leave the circus grounds in their semi-trailer office and residence truck.

The robbers, who apparently had planned the "job" with precision, blocked the trailer, last vehicle of the departing motorcade, with their large sedan.

**Forced to Give up Cash**  
Miller was struck several times with a pistol when he first handed a robber a bundle containing some \$1,000. He was forced to give up the remainder of the money and his wife was relieved of two valuable diamond rings.

Then both were trussed up and the robbers — there were at least three but the Millers believed there may have been another in the sedan — drove away.

Miller's shouts brought a watchman and the couple was freed. The robbers eluded road blocks set up by officers and last night's arrests were the first in the investigation.

Alcen said Red Baker has four felony convictions dating from 1929 on charges of grand larceny, robbery, interstate auto theft and violation of the federal narcotics act. Riley Baker, he said, has been convicted of robbery and auto theft.

The Kelley-Miller circus gave two performances in Sedalia on Wednesday, May 17.

## Says U. S. Needs More Submarines

WASHINGTON, May 26—(AP)—Observing that the United States almost lost two wars to submarines, Secretary of the Navy Matthews called yesterday for stepped up Sub construction program in this country.

He said the navy needs more, undesignated for possible use as guided missile launchers, for use against other subs and for other purposes.

Speaking to reporters on the occasion of his first anniversary in office, Matthews said that while much progress has been made in anti-submarine preparations, more U.S. subs still are needed.

"We have 70," he said, "the Russians have 270."

Actually, while this country has only about 70 submarines on active duty, 92 more are in mothballs, six modern types are under construction, and three half-size subs are being built for anti-submarine warfare.

## East German Youths Jam Soviet Sector

Fears Allayed Sunday Rally by 'Putsch' Signal

By the Associated Press

The Soviet sector of Berlin was jammed today by 200,000 young East Germans preparing for one of the biggest Communist propaganda shows of the year.

Wary western Allied authorities determined to prevent any unruly youths from spilling over into the western sector of the divided city, put armored cars and soldiers behind barbed wire only 500 yards from Potsdamer Platz — traditional hot spot juncture of the Soviet, British and American sectors.

Communist officials have publicly warned the German youth to keep out of western Berlin. To police the crowd of 500,000 expected at the Sunday climax to the rally, they have brought in 6,000 people's police from outside Berlin to augment 15,000 already on duty there. In the western sectors 8,000 officers and men were on the alert.

Fears that the Sunday rally might be a signal for a "putsch" against western Berlin have dissipated. But Communist-stirred violence might result in casualties among the German youth which could be used for anti-western propaganda. The western authorities no doubt have that in mind as they prepare to cope with any eventuality on the Whitson week-end.

**In Other Sections**  
Elsewhere in the world:

**FOREIGN AID**—U. S. state department officials say about 60 countries and dependent areas want to share in the "Point Four" program for U. S. aid now passed in Congress. The Senate approved the \$3,120,550,000 aid bill yesterday and it now goes to President Truman for his signature.

**MIDDLE EAST**—U. S. state department officials say the new American-British-French agreement to help the Arab states would welcome the agreement because it should end Arab fears that Israel might strip all of Arab Palestine of force. Favorable Egyptian reaction was forecast.

**JAPAN**—All British commonwealth occupation forces in Japan were ordered home by Prime Minister Robert Menzies of Australia. Of the original 40,000-man British occupation force all the 2,500 remaining are Australians.

**FORMOSA**—Nationalist reports said the ill-fated Communist invasion attempt against the Wanhsien islands had cost the Reds 3,000 killed out of 7,000 invaders. But the Nationalists admitted landings on four of the islands, a small group 40 miles southwest of Hong Kong.

**BRITAIN**—Gasoline rationing will end in the British Isles tomorrow as the result of a deal with Standard Oil of New Jersey and the California Texas Oil Co. The two American companies have agreed to take payment in sterling instead of dollars on condition that rationing is ended. The agreement ended a month-long dispute with American oil interests over a one-third slash in imports of dollar-paid gasoline imposed last Jan. 1.

## Hope to Play Game Tonight

At 2:30 o'clock this afternoon while it was raining, Jack Albert, manager of the Sedalia Cubs, said the game with the House of David team would be played tonight, providing it stopped raining by 5:00 o'clock this afternoon. He said if it stopped precipitating before 5:00 o'clock, the diamond game would be put into shape before the field. Earlier this afternoon, prior to the last rain, the field was nearly ready for playing ball.

## First Whooping Crane Hatched in Captivity

CORPUS CHRISTI, Tex., May 26—(AP)—The first whooping crane ever hatched in captivity was definitely sighted this morning with its parents Jo and Crisp, at the Arkansas national wildlife refuge.

The little bird has been named Rusty by refuge personnel because of his reddish-brown coloring.

## The Weather

Central Missouri: Light showers this afternoon ending tonight. Lowest near 50. Saturday partly cloudy, high 70.

Temperature: 7 a. m. 62 degrees; 2 p. m. 71 degrees. Rainfall: 1.18 inches.

Lake of Ozarks: 4.3; fall 3.

## DEMOCRAT-CAPITAL WILL PUBLISH ON MEMORIAL DAY

The Democrat will be published on Tuesday, May 30th — Memorial Day — and the Capital on Wednesday, May 31st.

Although the business office will be closed all day, the news, advertising and circulation departments will operate as usual and all departments may be reached by calling 1000.

## Tighten Up On Pre-Race Betting Data

Committee of Senate in Blow At Bookmakers

WASHINGTON, May 26—(AP)—The Senate Commerce committee struck at bookmakers today with a bill which would fix criminal penalties for sending or receiving pie-race betting data across state lines on horse and dog races.

As approved, the measure would place strict bans on certain information normally printed in newspapers and broadcast by radio before the start of a race.

The bill, which limits its restrictions to horse and dog racing, defines as illegal:

Information on bets or wagers, scratches, jockey changes, weights, probable winners, betting odds, and odds changes transmitted before a race has started.

Once the race was started, however, all this information could be printed or broadcast without violating the proposed law.

Violations would call for a \$1,000 fine or a one-year prison sentence—or both.

**Not Exempt Derby**

A Commerce subcommittee had proposed that such special events as the Kentucky Derby and the Preakness be exempted, but the full committee rejected this.

Senator McFarland (D-Ariz.) termed the bill a combination of measures proposed by the Justice Department and the Federal Communications Commission.

The intent behind the bill is to deny big-time gamblers and bookmakers the advance information they used in their business. But it also would prohibit newspapers and radios from giving pie-race information on the odds, the probable winners, jockey changes and similar data.

The bill we have presented," McFarland said, "attacks the bookmaking problem by making it a penalty to either furnish or to transmit or receive such information."

The bill gives this definition of "gambling information":

"Gambling information" is information pertaining to any horse or dog racing event or contest which (1) means bets or wagers, the scratches,

jockey changes, weights, probable winners, betting odds, or changes in the betting odds, in such event or contest, and (2) is transmitted prior to the transmission of a truthful announcement that such event or contest has actually started."

## Rose Show to be Friday, June 2

Plans are in progress for the second annual Rose Show of the Sedalia Rose Society to be held at the Elks Club on Friday, June 2, with Mrs. A. A. Ferguson, general chairman.

The theme of the show will be "Roses on Parade" and will be carried out in a miniature parade.

All amateur rose growers, local and out-of-town, are urged to make entries in all classes. The entry list to be published in Sunday's Democrat-Capital.

## Bond Issue Approved To Expand Schools

KENNETT, Mo., May 26—(AP)—Kennett school district voters yesterday gave overwhelming approval to a \$170,000 bond issue to be used for expansion of the school system. The vote was 878 to 22.

## Monthly Membership Repasts For The Sedalia C. of C.

The Sedalia Chapter of Commerce is starting its monthly general membership banquets. The first to be held at 6:30 o'clock Friday evening, June 2, at the Bothwell hotel.

Noel Tweel will make his final report to the Chapter of Commerce before leaving for his new position as industrial director of the Kansas City, Kas., Chamber of Commerce.

The new officers will be installed as follows: Harold Seaberg, president; A. W. Haller, vice president and Jack Cunningham, vice president, as well as two new board members, Joe Riddick and Roy Kemper.

## Letters on German Unifying

Proposal of a Freely Elected All-German Government

BONN, Germany, May 26 —(AP)—The three Western powers challenged Russia today to clear the way for unifying Germany by consenting to completely free all-German elections tied in with guarantees of full individual freedoms.

The time element of the statement of the three Western high commissioners to the Russian command in Germany was significant. It was issued while world attention was focused on the rally of 500,000 Communist-led German youths in Berlin. Soviet propaganda labors the theme that only Russia is sincerely committed to German unification.

Three identical letters of the United States, British and French commissioners were sent to Gen. V. I. Chuikov, Soviet commander in Germany. Enclosed was a statement of the three Western foreign ministers which said the West was agreed that with formation of an all-German government "the four powers should immediately address themselves to a peace settlement."

**Program Presented**  
The letters proposed this program:

1) A freely elected all-German government.

2) Individual freedom of movement, freedom from arbitrary arrest and detention, freedom of association and assembly, freedom of speech, press and radio throughout Germany.

3) Freedom of action throughout all Germany for all democratic political parties.

4) Independence of the courts.

5) Prohibition throughout Germany of political secret police and police formations which are military in character.

6) Assurance of German economic unity through action by an all-German government on such matters as currency and customs, and through four-power agreement on such matters as a halt to reparations from current production and limitations on industry.

7) Surrender in accordance with German legislation of any industrial enterprise in Germany whose ownership or control was acquired after May 8, 1945 (the end of the war) by or on behalf of any foreign power, unless the acquisition had four-power approval and such acquisition or interest is subjected to German law.

8) Establishment of four-power supervision through a commission using its powers in such a way as to permit the German government to function effectively.

The enclosed statement by the foreign ministers of the three Western powers said the foreign ministers were agreed that the first step toward German unity should be free elections throughout the country for a constituent assembly which would have the sole task of drafting a constitution to be submitted to the people.

"The ministers agreed that with the formation of an all-German government the four powers should immediately address themselves to a peace settlement," the statement said.

## Innocent Pleas By Five Indicted

KANSAS CITY, May 26—(AP)—Five henchmen of the late Charles Binaggio pleaded innocent today to federal charges of income tax evasion.

The men, all indicted by a grand jury this week, are Walter L. Ramey, a gambler; Johnny Mangiaracina, known as an enticer; Samuel Goldberg, and Thomas (Tano) Lococo, a top level enforcer, and Samuel C. Hayden, a former assistant county prosecutor who was named as a partner in the \$34,000,000-a-year gambling operations here.

Goldberg, the first to be arraigned before U.S. District Judge Albert L. Reeves, surrendered himself to the U.S. marshal a short time before and arranged for \$5,000 bond. Harry Austin, chief clerk in the county recorder of deeds office, presented a cashier's check for \$5,000 to make bond.

The others already had posted \$5,000 bonds each.

**Governor Off to Lake**  
JEFFERSON CITY, May 26—(AP)—Gov. Forrest Smith left by automobile today for a week-end at Lake Taneycomo. The Northwest Missouri Press Association is holding its annual spring meeting there.

Smith said he would return to the capital Sunday.

## Blaze Sweeps A Movie Studio

BURBANK, Calif., May 26—(AP)—A spectacular blaze swept through one section of the Burbank studios of Columbia Pictures Corp. early today, razing a block square area before being brought under control.

No movies were in production at the time.

Fire Chief W. J. Taylor declined to estimate the damage pending an inventory of the loss.

## Blew \$19,000 On a Binge And a Blonde

Navy Lieutenant Tells of Looting His Ship's Safe

LOS ANGELES, May 26—(AP)—A gray-haired navy lieutenant has admitted, the FBI reported, that he took \$19,000 from his ship's safe last Thanksgiving and blew it all on a binge with a blonde.

Agents said he described six months of joyriding, playing the races and champagne parties.

The FBI and Navy Intelligence officers arrested Lt. Bascom B. Boaz, 42-year-old paymaster of the Navy tanker Navasota, in nearby Pomona. There "flat broke," he had taken a job in a nursery at 85 cents an hour.

The blonde, Pearl Rosemary Carter, was found with him in a rooming house, the FBI said, but was not held. Boaz was arraigned before a U. S. commissioner on a charge of embezzlement of government funds and desertion from the U. S. Navy. Owing to only a "few dollars," he was committed to the county jail under \$10,000 bond pending preliminary hearing June 8.

The FBI unfolded this tale from the veteran officer who has a divorced wife and two children living in Long Beach, Calif.

Boaz' shore leave expired Thanksgiving Day. He borrowed \$20, boarded the ship for 20 minutes at its Long Beach berth. Then he fled.

Later, ship's officers found two safes drilled open and \$19,201.50 missing from one of them.

**A \$600 Taxi Cab Ride**  
The search was on when a Long Beach taxi-driver reported that Boaz had hired him to drive on a wild 500-mile trip to Sacramento, paying a \$600 fare.

The FBI declined to say how Boaz was tracked to Pomona other than the arrests followed months of investigation by "our own techniques."

In his cell today, Boaz told officers he gave the cabbie \$300 to start, \$500 more on route, plus a \$180 tip to be used to buy a television set for the driver's son. Boaz also said he gave the cabbie \$1,500 to buy a used car.

"I met a pretty blonde (Miss Carter) in Fresno on the way, and she befriended me so I took her along."

**"Great While It Lasted"**  
His blonde girl friend told agents she did not know the money was stolen and that she was given none of it. But of the tip, she commented:

"It was great while it lasted. We had a great time."

Boaz said he served 19 years in the navy and "I was cracking up."

"You might say," he commented, "that the \$19,000 I took represented \$1,000 for each year of my service."

## Airport Auction To be Saturday

One of the biggest public auction land sales in Sedalia in several years, will be held Saturday afternoon at 2:00 o'clock on the west side of the court house at which time the 381 acres of Sedalia Airport lands near Dresden, will be offered for sale to the highest bidder for cash. The land will be offered for sale in separate tracts and as a whole.

Much interest has been shown in the forthcoming sale, and a large crowd is anticipated to be on hand that afternoon. A few weeks ago, the lands were open for bids, and after the bids were turned in and opened, they were turned down by the city council upon recommendation of a special committee because they felt the land should bring more money.

The city of Sedalia reserves the right to reject any or all bids. This land to be sold free of encumbrances, possession when title is approved and purchase price paid subject to rental leases.

The auctioneer will be Kemp Hieronimus, with J. M. Bailey, city clerk, to be the clerk during the sale, with E. L. Ellsworth, chairman of building and grounds committee to assist Bailey.

Money obtained from the sale will be used toward the construction of the new Memorial Municipal Airport, just east of Sedalia. A consulting engineer is making a master plan now of the proposed airport, and it will in the near future be presented to the council for its approval.

## 33 Die In Fiery Wreckage

Terror by Flames In Truck-Street Car Crash in Rush Hour at Chicago

CHICAGO, May 26—(AP)—Police today ordered the arrest of the conductor of a crowded street car that crashed into a heavily loaded gasoline truck, with a loss of 33 lives.

The conductor, William G. Liddell, 29, Negro, disappeared from the accident scene. The motorman of the two-man crew perished in the flames.

At a meeting of the CTA board Michael Ahern, chief of the Chicago police department traffic division, announced that Liddell would be booked on a charge of leaving the scene of an accident.

CHICAGO, May 26—(AP)—A wall of fire enveloped a crowded street car after it struck a double trailer gasoline truck last night and 33 persons perished in the flames.

Thirty others were injured, at least three critically. About 20 remained in hospitals. Many of the dead and injured were Negroes.

The spreading flames from the thousands of gallons of gasoline in the huge truck set fire to one three-story building, seven two-story buildings and several automobiles. No bodies were found in the wrecked buildings. But more than 100 persons—mostly Negroes—were made homeless.

Five of the buildings, including a three-story brick tavern structure nearest the collision scene, were destroyed by fire. The upper floors of the building, on the east side of the street, contained small apartments.

The accident occurred near the end of the evening rush hour—6:30 p. m. (EST)—near the heavily populated 63rd and State street district, on the city's south side.

The crash and a deep roar were followed by black smoke and billowing flames that surged along State street like rolling flood waters.

Panic followed the crash. And there was terror and confusion at the scene long into the night. Thirty-three pieces of fire equipment answered the extra-alarm fire. Four hundred policemen were on duty.

**Worst Street Car Accident**  
Traffic snarled as more than 20,000 persons milled in the vicinity, flocking to the scene of Chicago's worst street car accident.

The frantic, trapped passengers screamed hysterically as they fought to flee from the flaming street car. Thirty-two of the estimated 48 passengers burned to death, their lives snuffed out in a matter of minutes after the collision. Many of their bodies were piled in a charred mass as the rear doors.

The truck driver perished in the cab of his truck. It was loaded with between 7,000 and 8,000 gallons of gasoline.

Only a few of the dead passengers were identified. Many were burned beyond recognition. One was believed to have been the motorman, Paul Manning, 42.

The conductor escaped by jumping through a rear window. About 15 passengers escaped in the same manner, many of them with clothes aflame. The rear doors on the street car jammed and the Chicago Transit authority ordered an investigation.

**Question on Doors**  
One question was whether the rear doors, which fold inward, were jammed because of disabled mechanism operated by a lever near the conductor or whether passengers pushed against them, preventing them from opening.

The Chicago Sun-Times quoted the conductor, William Liddell, 29, of Evanston, as saying:

**ATLANTIC PACT IN ACTION**—While the "Big Three" foreign ministers of the top Atlantic Pact countries met in London to discuss ways to co-ordinate and strengthen their alliance, the first gun from the United States to be shipped to Europe under the arms-aid program was hoisted over the side at Zeebrugge, Belgium. The shipment is part of a billion dollars' worth of military aid pledged by the U. S. to the defense of Western Europe.

**CHOW DOWN**—Stretching for that next bite of breakfast are these three baby robins, whose home is a nest on the bedroom window sill in the home of Gerome Celico, of Cleveland, Ohio. Mrs. Robin doesn't know it, but her choice of a homestead has prevented the Celicos from opening the window or putting up a screen. Not until the babies are flying size will they be evicted.

**He Ties Up Robbery**  
CHICAGO (P)—A robber who likes to dress, as well as work, in a quiet fashion collected \$150 in a near north side men's clothing store. He tarried long enough to snatch two garish ties from a rack, fling them into a waste basket, and comment: "junk."

Television receivers in cities somewhat remote from the transmitters effect reception by erecting aerials on high masts, some even 100 feet.

By order of the City Council.

E. L. ELLSWORTH, CHAIRMAN,  
BUILDING AND GROUNDS COMMITTEE.  
CITY COUNCIL OF SEDALIA, MISSOURI.

Kemp Hieronymus—Auctioneer.

## No Traffic Fatality In Seven Years

ST. LOUIS, May 26 — (P) — Three Missouri cities of more than 5,000 population—Hannibal, Trenton and Washington—have not had a traffic fatality of a school-age child in seven years.

For that safety record they have been honored by the Automobile Club of Missouri.

Other Missouri cities over 5,000 that made the honor roll for 1949 are Booneville, Brookfield, Carthage, Charleston, Chillicothe, Clayton, Columbia, DeSoto, Fenton, Ferguson, Flat River, Fulton, Jefferson City, Joplin, Kansas City, Kennett, Kirksville, Kirkwood, Lebanon, Lexington, Maryville,

Time for History  
LONDON — (P) — The Staffordshire County History Committee has decided it's time to go ahead and finish the county history. The committee advertised in the London Times for an editor to plan completion of the history and

# Six Arrested In Counterfeit Money Ring

Had Money Plot That Carried Undertones Of a Revolution

NEW YORK, May 26—(AP)—Five men and a woman were arrested in Miami and New York City Thursday in an alleged \$3,000,000 counterfeit money plot that carried undertones of a Caribbean revolution.

U. S. Attorney Irving H. Saypol said the gang planned to milk the treasury of Cuba of \$3,000,000 and replace genuine Cuban bills with phony U. S. cash.

## Enough to Start Revolution

"What was to be done with the \$3,000,000 in Cuban money?" asked U. S. Commissioner Edward W. McDonald as he held most of the defendants in high bail. "That's enough to start a revolution."

Saypol's assistant, Roy M. Cohn, replied "There has been speculation—but Mr. Saypol will not comment on that."

The speculation dealt with the possibility the money was to be used to finance a revolt in the Dominican republic.

The woman in the case was an attractive blonde identified as Charlotte Whitehurst, 25, of New York city. A native of South Pittsburgh, Tenn., she is a former student at William and Mary College in Williamsburg, Va., authorities said.

## Supplied Fake Money

He added that Miss Whitehurst lived with Jesus M. Rolan, 39-year-old restaurant worker and one of the five men arrested.

Rolan and 55-year-old Henry Chavarria, were accused of supplying the fake money to the ring. They were held under bond of \$100,000 each.

Bonds of \$50,000 each were set for Jose Antonio Roche, 50, and Rudolph Schmidt, 53, accused of contact men in the scheme. Like the others, they are residents of New York City.

The sixth arrest was that of Roche's brother, Oscar Roche, 50, in Miami.

# Gov. Smith Talks To JC Graduates

JEFFERSON CITY, May 26—(AP)—Gov. Forrest Smith told graduates of Jefferson City's public high school and junior college here last night to "thank God you live in the United States."

He was principal speaker at the 1950 commencement exercises in public school stadium for 174 high school graduates and 40 graduates of the junior college.

"There are millions of young people," he said in a prepared speech, "who are living where they cannot grow into beauty and strength. Their bodies are hungry because the sun or contentment and happiness does not shine upon them. x x x

"Thank God because you live in the United States, and be your best because you do

"So long as we have the kind of education we now have, with the proper incentives back of it and with the best teachers we can get, I think we need not fear that any alien and degading philosophy of life, whether it comes from Russia or from Timbuctoo, will ever swamp the mind of the American youth"

Tomorrow Smith plans to drive to Branson, Mo., to attend the annual meeting of the Northwest Missouri Press Association this weekend on Lake Taneycomo

## Dividends to 37,000 On 'GI' Insurance

WICHITA, Kas May 6—(AP)—More than 37,000 beneficiaries of "GI" insurance policies in Missouri, Kansas, Oklahoma and Arkansas will share in special dividends within 10 days. Veterans administration officials said here today.

A four-state total of \$2,500,000 was predicted—\$420,000 in Kansas; \$1,075,000 in Missouri; \$635,000 in Oklahoma; \$370,000 in Arkansas.

Dividend checks will be mailed at St. Louis May 26, VA regional officials here said. They'll go to beneficiaries of service men or women now dead, covering the active terms of the national service life insurance policies concerned.

# Margaret Truman Not to be Married To JC Graduates

WASHINGTON, May 26—(AP)—Margaret Truman isn't getting married, and that news comes from people who should know—her mother and father.

The President and Mrs. Truman attended a party Wednesday night for the bachelors in uniform who are assigned to duty for presidential parties.

During the evening Mrs. Truman was asked if she was returning from Independence the first week of July for any particular reason.

"No," said Mrs. Truman, "I'm not coming back for Margaret's wedding."

"Is Margaret getting married?" asked the reporter.

"No," said Mrs. Truman, "but somebody put that in the paper today."

Whereupon the father himself took over.

# Denver Hit by A Heavy Snow

DENVER, May 26—(AP)—"Hot" power lines and big three branches littered the streets of Denver early last night after a storm that covered the city with a seven-inch blanket of wet, heavy snow.

The branches, broken under the crushing weight of the snow, began crashing into the streets shortly after noon, snapping power lines and telephone wires.

Half of Denver's police force was called out to stand guard over "hot" wires until they could be reshing by trouble shooters from the Public Service Co. More than 150 "hot" wires were reported.

Phone service was interrupted by broken lines in Denver, Fort Collins, Longmont, Loveland, Greeley, Estes Park and many rural areas.

Snows up to 11 inches in depth were reported in Wyoming and northern Colorado.

After one of the driest winters in several years, farmers welcomed the moisture. In southeast Colorado, however, where it was most urgently needed, only a sprinkle of rain fell.

## Binaggio Pals Are Indicted

**Federal Jury Names Rainey, Goldberg And Mangiaracina**

KANSAS CITY, May 25—(AP)—Three henchmen of the Charles Binaggio Northside political organization, including gambler Walter L. Rainey, were indicted by a federal grand jury here today on charges of income tax evasion. The other two were Samuel (Jew Baby) Goldberg, and Johnny (The Mag) Mangiaracina.

Rainey and Mangiaracina were each indicted on three counts and Goldberg on five. The government charged Goldberg had not even bothered to make reports for the years 1947-48 when it contends he had a gross income of \$68,631.

It was the second time within a week that the grand jury, which has been investigating the underworld here since last September, has struck at figures close to Charles Binaggio, the northside political boss who with his top henchman, Charles Gargotta, was slain gangster style in his first district Democratic club rooms on Truman road April 5.

The grand jury Monday indicted Thomas (Tano) Lococo, slender Italian who rose high in the underworld as an enforcer, and Samuel C. Hayden, a former assistant county prosecutor and one time state legislator from President Truman's home county. They too, were indicted on charges of income tax evasion.

**Includes Several Counts**  
The indictments today charged Rainey with making net income reports of \$16,241.15 for 1948-47-48 and it should have been \$31,674.68.

Mangiaracina also faced three counts for the same years which the government charges he made net income reports of \$13,675.72 and it should have been \$35,610.71.

Goldberg was indicted on five counts, two for failure to make a return for the years 1947 and 1948 when the government claims he made a gross of \$68,631.41. It also indicted him on charges of income tax evasion for the years 1946, 1947 and 1948, claiming he had received a net income of \$70,631.41 and owes the government \$25,200.32 in unpaid taxes.

**Bonds at \$5,000**  
Bonds for the three were set at \$5,000 each. They are to be arraigned tomorrow before U. S. district judge Albert L. Reeves. After returning the indictments the grand jury recessed until June 14.

The 54-year-old Rainey long was known as a front man for Binaggio and his crowd in gambling and rackets here. Rainey first came to the attention of police at the age of nineteen, when he pleaded guilty to a pool hall robbery and was given two years in prison.

When the federal grand jury began its investigating of gambling activities here last fall, Rainey was frequently called upon to be present in the witness room. He appeared before the jury several times.

Even as he was being investigated the Kansas City Star carried a story which reported that it had found him operating a gambling layout at 1800-A East Thirty-first street.

It was to have been an elaborate set-up. A steel door had been put up to guard against police raids. Dice and card games were in operation at the spot. The word had been spread that horse race betting would be under way soon.

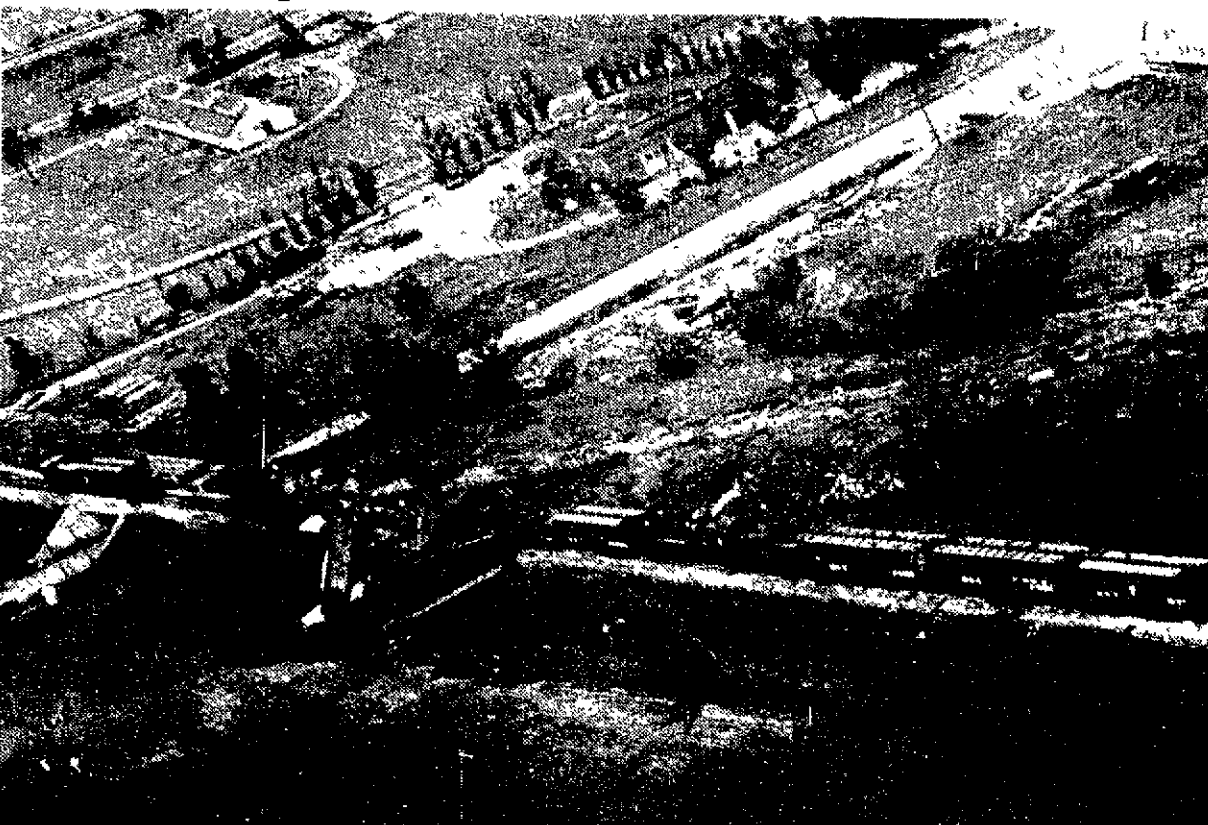

After the newspaper printed the story, the equipment disappeared. Police raided and found nothing.

**Presented Alibi**  
When police began their investigation of the murders of Binaggio and Gargotta they found that Lococo, a confederate of the slain men, used as his alibi that he was at the Thirty-first street spot in a crap game with Rainey. Rainey confirmed the alibi.

As recently as April 1, four days before the Binaggio-Gargotta slayings, the grand jury in a recent interim report asserted that Rainey acquired an interest in a policy racket which was netting \$14,000 a month.

Like Rainey, Johnny the Mag has been around a long time in Kansas City. The 38-year-old Mangiaracina had his first brush

## Cars Piled up in Derailment

An aerial view of the Missouri-Kansas Texas Lines freight cars wreckage, which occurred Wednesday night about 11:30 o'clock; about a mile south of the city limits, on highway 65, near the M-K-T underpass. Eleven cars were derailed, believed due to a brake beam falling down from one of the cars, causing the rails to become loose and damaged, enabling the cars to slip off the track. The wreckage caused a tie-up of about 10 hours. The rails were cleared for trains to pass at 9:15 o'clock Thursday morning. (Photo by Padgett)

## Twenty-two Die In Plane Crash

BOGOTA, Columbia, May 25—(AP)—A Lanza Airways DC-3 transport crashed against the side of a volcano last night, killing 22 passengers and three crewmen, the line announced today. A ten-year-old girl was the only survivor.

All 23 passengers except one were Colombians, the line said. The only foreigner aboard was identified as a German-born resident of this country.

The newspaper El Espectador said witnesses saw the plane explode in the air and crash into the side of Galeras volcano near Pasto, 95 miles south of Popayan.

U. S. Attorney Irving H. Saypol said the gang planned to milk the treasury of Cuba of \$3,000,000 and replace genuine Cuban bills with phony U. S. cash.

**Enough to Start Revolution**

Today he said one of the apartments was missing.

## Truman 'Point Four' Program Given Approval

**Appropriation Bill Must be Voted Upon At a Later Date**

By Morgan Reynolds

WASHINGTON, May 25—(AP)—The Senate gave the administration a victory today by approving the \$3,120,550,000 foreign aid bill which has been snaggled by a Republican fight over President Truman's "point four" program.

By a 47 to 27 roll call tally it passed and sent to the White House the single package measure authorizing economic assistance to non-Communist countries throughout the world. The House approved the compromise bill Tuesday.

**Help To Backward Areas**  
Although it contained \$260,000,000 less than the administration had requested the bill included the controversial "point four" program for economic help to backward areas of the world which GOP senators vainly tried to scrap.

On the showdown ballot nine Republicans joined 38 Democrats in voting to accept the Senate-House conference committee's report on the global aid measure.

Only four Democrats—Senators Byrd (Va) Fulbright (Ark), McCarran (Nev) and Russell (Ga)—voted with the 23 Republicans against it.

As finally approved the bill authorizes \$2,849,100,000 for the European recovery program; \$190,000,000 for Korea; \$94,000,000 for aid in the China area; \$35,000,000 for the "point four" program; \$27,450,000 for Palestine refugee aid; and \$15,000,000 for the international children's emergency fund.

**"Last Ditch Stand" By GOP**  
The actual money, however, must be provided in separate legislation.

On that point Marshal plan chief Paul Hoffman reported today that he has \$127,900,000 more left over from this year's appropriation than he originally figured. This extra sum is to be included in the ECA allotment for the next fiscal year starting July 1.

Hoffman told the Senate appropriations committee about this saving as the Senate was winding up debate on the big foreign aid bill.

Republicans, led by Senator Millikin of Colorado, made a last ditch stand against the \$35,000,000 item to start the "point four" program.

Republican leaders said in advance of the showdown vote that if they failed to scrap the point four section they would make a new attempt when the actual money bill is brought up.

The "authorization" bill does not carry any actual funds; an appropriation bill must be voted on later.

**Gets Message Out of Siberia in Bottle**

TOKYO, May 25—(AP)—This Japanese war prisoner found a way to get a message out of Siberia. He floated it off in a bottle, and it arrived more than two years later.

The message, dated March, 1948, and signed T. Takai:

"I'm now in Siberia. The only thing I want to do before dying is to see the face of my wife and child."

**Sister Of General Perishing Showing Some Improvement**

JEFFERSON CITY, Mo., May 25—(AP)—Miss Anna Mae Pershing, 83, sister of the late Gen. John J. Pershing, is "doing real well" in recovering from a stroke suffered here April 10, D. G. Donald Shull, her physician, said today.

The physician said the only question remaining is "just when" she will be able to leave the hospital and return to her home at Lincoln, Neb. Shull said he would wait about 10 days before making the decision.

## Blew \$19,000 On a Binge And a Blonde

**Navy Lieutenant Tells of Blowing His Ships Safe**

LOS ANGELES, May 25—(AP)—A gray-haired navy lieutenant admitted today the FBI reported, that he took \$19,000 from his ship's safe last Thanksgiving and blew it all on a binge with a blonde.

Agents said he described six months of joyriding, playing the races and champagne parties.

**Is Now "Flat Broke"**  
The FBI and Navy intelligence officers arrested Lt. Bascom B. Boaz, 42-year-old paymaster of the Navy tanker Navasota, in nearby Pomona. There "flat broke," he had taken a job in a nursery at 85 cents an hour.

The blonde, Pearl Rosemary Carter, was found with him in a rooming house, the FBI said, but was not held. Boaz was arraigned before a U. S. commissioner on a charge of embezzlement of government funds and desertion from the U. S. Navy. Owing to only a "few dollars," he was committed to the county jail under \$10,000 bond pending preliminary hearing June 8.

The FBI unfolded this tale from the veteran officer who has a divorced wife and two children living in Long Beach, Calif.

Boaz' shore leave expired Thanksgiving Day. He borrowed \$20, boarded the ship for 20 minutes at its Long Beach berth. Then he fled.

Later, ship's officers found two safes drilled open and \$19,201.50 missing from one of them.

**A \$600 Taxi Cab Ride**  
The search was on when a Long Beach taxi-driver reported that Boaz had hired him to drive on a wild 500-mile trip to Sacramento, paying a \$600 fare.

The FBI declined to say how Boaz was tracked to Pomona other than the arrests followed months of investigation by "our own techniques."

In his cell today, Boaz told officers he gave the cabbie \$300 to start, \$500 more en route, plus a \$180 tip to be used to buy a television set for the driver's son. Boaz also said he gave the cabbie \$1,500 to buy a used car.

"I met a pretty blonde (Miss Carter) in Fresno on the way, and she befriended me, so I took her along."

**"Great While it Lasted"**  
His blonde girl friend told agents she did not know the money was stolen and that she was given none of it. But of the trip, she commented:

"It was great while it lasted. We had a great time."

Boaz said he served 19 years in the navy and "I was cracking up." "You might say," he commented, "that the \$19,000 I took represented \$1,000 for each year of my service."

## 'Turn Down a Co-Op Taxation

WASHINGTON, May 25—(AP)—The House ways and means committee turned down today proposals to require now-exempt co-ops to pay normal business taxes.

It voted, however, for a 10 percent withholding tax on the dividends the co-ops pay to their customers and stockholders if such dividends must be computed as part of the total income of those receiving them.

A committee spokesman estimated this would bring \$20,000,000 (M) additional into the treasury annually.

The withholding tax would not impose any new tax obligation on anyone, but would make sure that taxes are paid on such dividends.

## Graduation at Sacred Heart

**Rev. Schumacher, J. C., Refers to Holy Year Class**

Commencement for the class of 1950 at Sacred Heart high school was held at the school gymnasium Thursday night with the Rev. R. J. Schumacher, J. C. L. of Kansas City and pastor of Assumption church, as the principal speaker.

Rev. Schumacher commented on the fact that this graduating class is the class of the Holy Year, 1950, and he compared the commencement exercises to the passage into eternity. He said:

"Just as the superintendent of Sacred Heart gives a diploma to each graduate and solicits him, or her, for the work well done, so he hoped that the Divine Master at the day of judgment would say to each one 'well done, my good and faithful servant!'"

The highest ranking girl, Miss Mary Lou Ash, and the top ranking boy, Robert Zoernig, received Rotary awards of twenty-five dollar bonds, each.

## Swift Officials In Meeting Here

A cream improvement quality meeting, attended by 25 managers and butler makers, representing all the Swift and Company plants in the states of Missouri, Iowa and Illinois, was held in Sedalia Thursday.

The group met at the Bothwell hotel Thursday morning and held a conference, then had luncheon in the Magnolia room at 12:30 o'clock.

They checked the cream quality at the Sedalia Swift & Company plant, and its other operations, this morning.

The sectional spring meeting was conducted by E. J. Granison, John O'Leary and W. J. Hughes from the Swift & Company's general office in Chicago, Illinois.

Robert Wiske is the local Swift & Company manager.

George H. Trader, a former manager for Swift & Company in Sedalia, was a special luncheon guest. Mr. Trader was with the Swift company for many years.

## Dividends to 37,000 On 'GI' Insurance

WICHITA, Kas., May 25—(AP)—More than 37,000 beneficiaries of "GI" insurance policies in Missouri, Kansas, Oklahoma and Arkansas will share in special dividends within 10 days, Veterans administration officials said here today.

A four-state total of \$2,500,000 was predicted—\$420,000 in Kansas; \$1,075,000 in Missouri; \$635,000 in Oklahoma; \$370,000 in Arkansas.

Dividend checks will be mailed at St. Louis May 26, VA regional officials here said. They'll go to beneficiaries of service men or women now dead, covering the active terms of the national service life insurance policies concerned.

## May Build Railroad Tunnel in St. Louis

JEFFERSON CITY, May 25—(AP)—The city of St. Louis and railroads which serve Missouri's largest city asked the state today to permit construction of a 3,000 foot railroad tunnel along the west bank of the Mississippi river.

They told the public service commission it is a part of the federal-municipal plans for the Jefferson Memorial expansion program along the river. It would permit surface rail lines to go underground through the site of the memorial.

A public hearing on the application is scheduled for June 15.

## The Weather

Mostly cloudy Friday with scattered showers or thunderstorms ending extreme north; Saturday generally fair, warmer west and north; highs Friday 65 northwest to 75 southeast.

## Eleven Cars of Katy Freight Are Derailed

**Accident Near The Underpass Ties up Traffic on Line**

Eleven freight cars of the Missouri-Kansas-Texas railroad, second section of No. 74, north bound, were derailed and wrecked, just a few feet east of the underpass on Highway 65 at the south edge of Sedalia about 11:18 o'clock Wednesday night. Five coal cars loaded with sulphur and pig iron and one box car loaded with wood pulp were derailed with five other cars had their wheels derailed but did not leave the road bed. No injuries were suffered by any crew members.

The freight made up at Parsons, Kas., was in charge of Frank L. Miller, 1436 South Carr avenue, engineers in charge of the double-header steam locomotive were T. E. Phillips, Franklin and E. J. Brommer of Boonville. Miller reported the train was traveling about 40 miles per hour and preparing to stop at Grand avenue and switch a car to the fair grounds.

The derailment was believed due to the falling of a brake rigging on the rear trucks of a coal car. A crossing plank at a road at the southwest edge of the fair ground was ripped up and nearly a mile on north the rigging struck a switch point a short distance west of the underpass bridge. From there the rigging began bouncing onto ties and across the bridge. A few feet east of the bridge the rigging began tearing up ties and caused the cars behind to leave the tracks.

The car with the damaged brake rigging was about twenty-six from the front end of the train and did not leave the rails. A coal car just behind the trucks was jerked loose and was pulled up the tracks nearly eight poles before the train was stopped. Approximately 300 feet of the road bed was damaged east of the underpass.

**Were No Injuries**  
No injuries were reported by the district superintendent, O. L. Crain of Franklin, Mo., who summed up the train wreck as, "Just one of those things." He said he had no idea of how much damage was involved, or did he want to venture as to the damage. The actual damage will be ascertained when the claim agent and car man arrive.

The first train to go through Thursday morning, since the wreck Thursday night was freight train No. 81, which was going west. It went through at 9:30 a. m. Passenger train No. 6, from the west, which was scheduled to arrive in Sedalia at 11:30 o'clock Wednesday night, but was held up a mile west of the wreckage overnight, went through Thursday morning at 10:05 o'clock. Many of the 14 or 15 passengers aboard, made arrangements to leave by bus that night.

**Wreckers Called**  
Wreckers from New Franklin and Parsons, Kas., were called. The New Franklin wrecker arrived at the scene about 4 o'clock Thursday and began shoving derailed cars to one side so work on replacing the roadbed and rails could get underway. It was necessary to use the two wreckers to retrieve the cars in the ditch and put them on other cars to be taken to New Franklin.

About 30 section workers started to clear the debris and repair the tracks this morning about 1:00 o'clock. Close to 200 new ties and rail were replaced Thursday. The section workers were called from Sedalia, Green Ridge, Beaman and Clifton City. Train officials from Franklin, O. L. Crain, district superintendent; A. R. Twillman, road foreman of engineers; C. W. Robins, general road master, and J. L. Brant, road master, and J. H. Brunkhorst, superintendent of the Sedalia shops, were on the scene this morning, handling their various duties.

The freight engine was pulling 31 cars, loaded with sulphur, pig iron and wall board, when the derailment occurred. The two engines and twenty-three cars not damaged and on the east side of the wreck went on to the local station and departed about 3:30 o'clock for New Franklin. Other cars not damaged on the west end of the wreck were pulled back onto sidings near the fair grounds.

**Line Opened Today**  
The main line although opened to traffic at 9:15 o'clock, the track repairs are only temporary and "slow orders" were issued for all (Please turn to Page 8, Column 3)

**Marriage Licenses Issued**  
Leo Galloway of Green Ridge and Bonnie Brauer of Sedalia. Johnnie H. Heinemann, Smithton and Shirley Ann Shepard, Sedalia.

## Old Age Assistance Costs Up \$33,277

JEFFERSON CITY, May 25—(AP)—The cost of old age assistance in Missouri went up to \$5,717,181 this month, \$33,277 more than in April, the state division of welfare reported today.

There were 130,922 recipients this month—an increase of 468 persons—and the average check was for \$43.67.

Aid to dependent children in May cost \$1,372,754, \$6,790 more than in April. Financial aid at the average rate of \$21.09 went to 65,090 children in May compared with 64,765 in April.

**Linn County Bulletin Sold By Robert Bradley**

LINNEUS, Mo., May 25—(AP)—The Bulletin, Linn county's oldest newspaper, was bought this week by Mr. and Mrs. Charles F. Hargis of Rochelle, Ill., from Robert Bradley, business man here.

Bradley bought the newspaper at an administrator's sale. Mrs. E. T. Hodges has published the weekly newspaper since the death of her husband in 1948.

## Dr. Epstein Speaker to Kiwanis Club

**Tells of Animals Treated; Dogs Are At Times Amusing**

The Kiwanis club met in the Ambassador room of the Bothwell hotel Thursday noon with Dr. Edwin E. Epstein as the guest speaker. The meeting was presided over by the club president, Herbert Schrankler.

Dr. Epstein's talk was informative in that he gave the club members the inside story of the practice of an average veterinarian. He opened his talk with an explanation of the courses in early veterinarian studies and told the Kiwanians the order in which the various anatomies were studied. He said the medical doctors or the osteopathic physicians have several advantages over the veterinarian.

"The M.D.'s and the D.O.'s have to study one anatomy, while the men of my profession have to study half a dozen," he explained. "The horse is always the first one under intensive study," he added. In this part of the country, according to Dr. Epstein, the cow is more important and he said he thought it should receive more attention.

Dr. Epstein went on to tell of the serious diseases that plague certain animals in this area and he said that Bang's disease was becoming more serious than in years past. In one of his more humorous moments the speaker told of some events that every veterinarian meets and he included several amusing stories concerning women and their "lap dogs." The speaker said it was often the case to have the women more devoted to their pet "pooches" than to their husbands. Cows, too, often cause a great deal of trouble. "They eat everything," he said, and often surpass goats when it comes to eating wire, nails and the like. When this happens, he said, it is necessary for the veterinarian to operate and this offers many complications.

**Rabies a Problem**

In the course of the address, Dr. Epstein told of the ever increasing problem of rabies among animals. He said he thought it would prove worthy to have all dogs and pets in Sedalia immunized. The cost would be little and it would be worth any such efforts by the veterinarians and medical doctors.

The program chairman for the month has been Art Morgan.

Guests were: W. R. Sugg of St. Louis with Guy Bailey; Abe Silverman with John Zander; C. J. McSpadden, Grand Junction, Colo., with E. B. McNeill; the Rev. Perry Rowland of Windsor with the Rev. H. U. Campbell; and visiting Kiwanian Harvey Green of Jacksonville, Ill.

The club members sang a birthday greeting to the Rev. A. W. Kokendoffer over the telephone. Rev. Kokendoffer is the only honorary member of the club. The group also sent a bouquet of flowers to him Wednesday.

Henry Salveter read a letter from the Kansas City club informing the Sedalian Kiwanians of the radio program that will be on WDAF on June 1. Dick Fowler, former Sedalian, according to the letter, was instrumental in the production of the program.

President Schrankler announced the board of director's meeting in the Ambassador room of the Bothwell hotel on Friday at noon. Tom Yount, announced the golf tournament to be held at the country club on June 8 with Dick Van Dyne as chairman. All Kiwanians of the eighth district will be guests and a dinner will be held at the club house.

## 33 Die In Flaming Wreckage

**Gasoline Truck and Street Car Collide; Buildings Destroyed; Expect More Deaths**

CHICAGO, May 25—(AP)—A gasoline truck rammed a crowded street car early tonight and an estimated 33 persons perished in the flaming wreckage.

Fire Marshal Anthony J. Mullany said 32 of the dead were in the street car and one in the truck and twin trailer gasoline outfit.

Seven nearby building caught fire and were destroyed.

**Heat Is Intense**  
The heat from the fiery gasoline was so intense that it seared posters on billboards 75 yards away.

The victims' clothing was burned off and identification of most of the dead was impossible for the moment.

One police official predicted that a search of the seven one to three story buildings destroyed by the fire would reveal more dead. A Red Cross representative made the same grim forecast.

The bodies of many of the street car dead were piled up in one charred mass at the rear doors where they had been trapped. Walter Sconicki, 48, saw the crash and fire from his nearby home.

**Loud Boom Then Flames**  
He said the southbound street car was making a left turn into 62nd street just as the northbound gasoline truck "hit it broadside."

He said there was a loud "boom" followed by a "whoosh" and a "big bunch of flames that shot two to three stories high."

Four to five explosions followed and the flames "jumped around like big balls," Sconicki went on. He saw people jumping or falling off the street car "like dolls on fire."

Several persons escaped by climbing through windows of the sleek, green streamlined trolley. The collision occurred at 62nd and State Streets at 6:30

# Swimming In Sedalia On May 30

Pool Officials Have Been Picked For the Summer

Sedalia's two swimming pools will officially open at 9:00 o'clock Tuesday morning, Memorial Day, May 30. Work has been progressing as scheduled in getting the pools in shape to take the water and starting of machinery which will keep it pure for swimming.

P. A. Sillers, manager of the two pools announced appointments of various officials to be at the two pools. Liberty Park will have Forrest Drake as assistant manager and cashier while at the Hubbard Park pool Professor C. H. Gooch will be assistant manager and cashier. Mr. Drake is principal of Mark Twain school while Professor Gooch is affiliated with Hubbard High school.

## In Charge of Water Safety

Bob Boothe, well known Sedalian, former Smith-Cotton high school football star has been placed in charge of the Water Safety program at Liberty Park. Boothe graduates this spring at the Central Missouri State College at Warrensburg which he has been attending since 1947. He graduated from Smith-Cotton in 1942 and spent four years in the United States Marine Corps, 1943-1947.

While in the Marines he was a swimming instructor at Camp La-Haune, N. C. While at Warrensburg he has been working with the Boy Scouts in their swimming program, and last year was a life guard at the Garden of Eden, near Warrensburg.

Bob has a Red Cross swimming rating and will also be in charge of the swimming classes.

## Swimming Instructor

Miss Rene Bohon, student at Warrensburg, a graduate of Smith-Cotton, who has a Red Cross rating will also instruct in swimming along with the life guards at Liberty Park.

Hubbard Pool will have Coach Howard S. Broadus of Hubbard high school in charge of the Water Safety Program at that pool. Coach Broadus is in charge of athletics at Hubbard high school and well known in Central Missouri.

## Registration on Thursday

Registration for swimming classes will start on Thursday morning, June 1, while instructions in swimming classes will not begin until Monday June 5. There is no extra charge for swimming lessons, according to Mr. Sillers, the only charge being the regular admission to the pools.

With the staff of instructors, Sedalia boys and girls who attend the swimming classes at both pools and who are now non-swimmers will have an excellent opportunity to learn.

Mr. Sillers also said season tickets are still available and can be secured either from him at his home or at the Liberty and Hubbard Park pools.

# Inspection of Guardsmen

Col. J. P. Gammon Pleased with the Showing Made

The annual inspection of the 35th Division Headquarters was held Friday at the Sedalia Armory, Ninth street and Ohio avenue.

The inspecting officer was Col. James P. Gammon, regular army, who is stationed with the 5th army, with the Inspector General's Department, its headquarters in Chicago.

After spending most of the day checking over the armory equipment and records, and that evening, inspecting the personnel and officers of the unit, and observing the National Guardsmen during their two hour training, that evening he told the group he was very pleased with their showing.

## Gen. McLaughlin Present

At 7:30 o'clock that night, 19 enlisted personnel and five officers stood in ranks while the Colonel made his inspection of the men. He was accompanied during the inspection by Major General John C. McLaughlin, who is the commander of the 35th Division, which comprises about 9,000 Guardsmen, and Capt. Herman A. Myers, attachment commander.

During the inspection tour, Col. Gammon asked military questions of each man, checked them for haircuts, polished shoes, clean uniforms, etc. After the men were released from ranks, the Colonel observed the instructors and Guardsmen during classroom lectures. At 9:30 p. m., Col. Gammon addressed the men for a few minutes, centering his talk around the National Guards.

Monday night, the other unit at the Armory, Battery C of 128th Field Artillery will hold their annual inspection with Col. Gammon to be the inspecting officer. There are about 80 men in Battery C. The annual summer camp will be held this year at Fort Leonard Wood, August 13 to August 27, at which time, the Guardsmen under go an extensive training program.

While in Sedalia, Col. Gammon is staying at the new motel in Sedalia, the El Rancho, and is spending the week-end at the lake.

## Judgement of \$465 In a Damage Suit

A judgement of \$465 was awarded in circuit court Saturday to James A. Ream, who filed a damage suit against Chester A. Foster, following a collision on September 2 1948, at which time, plaintiff's 1935 Chevrolet coach was said to have been totally demolished, when struck by defendant's 1947 G. M. C. truck.

Plaintiff's attorney was William F. Brown. Attorney for the defendant was G. W. Anson.

Pennsylvania, West Virginia, Kentucky, Illinois, Ohio, Indiana, Virginia and Alabama are leading coal producing states.

Most American coal is produced in eight states.

# Need Urgent For Blood Donors

The American Red Cross of Pettis County is desperate for blood donors. When the Walking Blood Bank program was set up a year ago the Chapter felt that people would be glad to register to give blood when needed and about two hundred persons were. But the need is so acute that the Chapter needs at least five hundred registered. The age limit was set at fifty but this excluded many of the loyal donors who gave during the war. Since donors are needed so badly and since the age limit in the National program is sixty the Chapter is announcing that they will take donors from fifty to sixty. In order to be a donor under the Walking Blood Program you call the Red Cross office 618, answer a few questions and as soon as the laboratory at the Bothwell Hospital can take you, you will be called to go to the hospital to be typed. Then as your type is needed an appointment will be made at your convenience for you to give the pint.

Troop 56 of Broadway school held a weiner roast at Liberty Park on Monday evening. Mrs. Elmo Harlan is the Troop Leader.

# Important Post Given W. Jackson Letts

Second in Charge Of Big Program Of Prudential

W. Jackson Letts, a native of Sedalia, graduate of the Sedalia High school, and in 1922 of the University of Missouri, is one of four officials to assist Charles Fleetwood, vice-president in charge of the 18-story modern office building at Houston, Texas, of the Prudential Insurance company in directing even-state activities of that company.

These officials, fully familiar with activities in those states in the southwest, will have headquarters in the company's new home office at Houston.

Others of the four are Thornton W. Sterrett, Donald E. Bishop and Thomas B. Pattillo.

Mr. Letts is a son of the late Mr. and Mrs. W. J. Letts, whose father many years conducted a grocery business at Fifth street and Engineer avenue here. He is a brother of Mrs. M. E. Gouge, of 1501 West Fourth street.

Mr. Letts, who will be second vice-president and second in command to Mr. Fleetwood, has been connected with the Prudential for 21 years and a second vice-president since 1947.

Mr. Sterrett, a native of Lexington, Va., will be general manager of the Southwestern Home office. He has been general manager of the Prudential's mortgage loan department, and through his work the Prudential has extended its farm loan services to virtually every state in the nation.

Mr. Bishop, regional manager of the mid-continent territory of the Ordinary Agencies Department and superintendent of the Ordinary Agencies' eastern and metropolitan areas, will be superintendent of agencies in the area served by the new home office.

A native of Hico, Texas, Mr. Pattillo is at present Texas regional manager of the company's mortgage loan and investment department with offices in Dallas. He will be succeeded by Emmet McGaully of Richmond, Va., at present regional manager of the Southeastern branch of the mortgage loan department.

Mr. Pattillo will be assistant general manager in charge of mortgage loan operations in Texas, Oklahoma, Kansas, Missouri, Arkansas, Louisiana and Mississippi. Under his direction a three year's time the Prudential's mortgage loans in Texas have increased from \$30,000,000 to a total of 18,000 loans totaling approximately \$150,000,000.

# Two Were Fined For Careless Driving

Two motorists arrested by State Trooper Wayne Allman on a charge of careless driving, appeared before Judge Jerry Trotter in police court, Saturday morning, and were fined \$25.00 each. Both pleaded guilty to the charge.

They were Billy Crain, of near Pilot Grove, arrested on Crescent Drive, and Francis Thomas, Marshall, arrested on Limit avenue near Broadway.

Crain also admitted to the court it was his car which struck a parking meter on West Main street in front of the Howard Roberts store, knocking it over. He paid \$7.50 damages to the meter.

Nine overtime parkers failed to appear in police court and their cash bonds of one-dollar each were ordered forfeited by Judge Trotter.

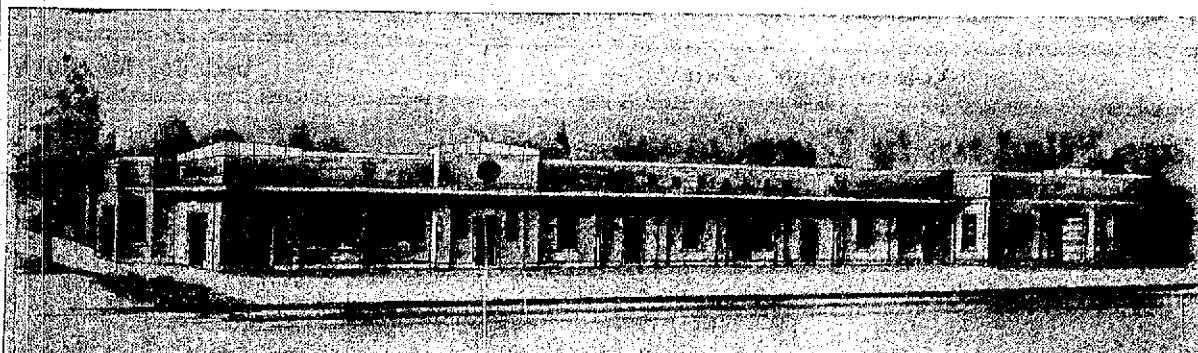

## Activities in the County Court (Friday)

The court approved warrants 151-156 in class 3.

(Saturday)

The court approved warrant 288 in class 2 and warrant 160 in class 5.

# New Missouri Pacific Station for Sedalia Start to be Made Razing Old One Monday

Work is scheduled to start May 22 on demolition of the Missouri Pacific Lines passenger station at Sedalia so that construction of a new station can be undertaken, it has been announced by company officials.

The new station, which will be erected on the site of the present building, will be a modernized, one-story building predominantly of brick construction with metal trim. There will be a canopy of aluminum extending along the

front of the structure across the waiting room doors and letters spelling the station name will be of the cutout metal variety.

The new building will contain the usual ticket offices and waiting rooms found in all passenger terminals. In addition there will be office space for the traffic department, representatives, the claim agent, roadmaster and special agent. Crew quarters also will be provided and these will be special rooms for mail, baggage and express.

Platforms at trackside will be raised and repaved, the paving probably being asphalt. It is expected that construction of the new station can be started within a month to six weeks and that from four to five months will be required to complete the project.

The present station, razing of which will be started Monday, was built in 1886. It is an ornate two-story and attic brick building, constructed in the flamboyant style common to the '80's.

# Smith-Cotton Eliminated From Tourney

M.M.A. Colonels Beat Tigers 1-0 Saturday Afternoon

The Smith-Cotton Tiger baseball team lost a 1-0 heartbreaker to the M.M.A. Colonels, Saturday afternoon at Mexico, Mo., and were eliminated from the Missouri High School Baseball Tournament, which will be held in St. Louis May 25 to 27.

Murray, third baseman for M.M.A., the first batter up in the second inning, scored for the Colonels. One of two Sedalia errors were committed in that inning.

Bob Brown, righthand hurler for Sedalia, struckout 7, while the Colonels' pitcher, Lowery, struckout four at the plate.

## First S-C Baseball Team

This was the first year the Smith-Cotton high school has sponsored baseball, and it has been approximately 30 years since any high school supported a baseball team in Sedalia. The club this year got to a good start, by eliminating two teams in the state tournament region meets. They beat the Catholic Glenn high school of Kansas City by a score of 9 to 4, and pounded out a 6 to 1 defeat over Grandview school.

If Smith-Cotton had beaten M.M.A. they would be eligible for the state tournament play. Bob Brown and Bob Ray were the pitchers used in all three games. The team is coached by James N. Ball and Cecil Glenn. The game Saturday, ended the baseball season for the Smith-Cotton team, however, the majority of the players will continue to play for the Junior Legion Post 18 team.

# Paper Carrier Saves 20 Lives

DALLAS, May 20—(P)—A 16-year-old Dallas news carrier led firemen to a gas-filled east Dallas apartment house in the dark of today's early thundershowers and won credit for saving 20 lives.

The vibration of thunder last night loosed a rubber gas hose. It spewed for four hours in a ground-floor apartment.

Carrier Tom Bradley heard the noise of leaking gas when he reached the house on his morning route. He drove his motor scooter to a fire station and returned with a squad by Capt. H. L. Gates.

The firemen roused twenty sleeping tenants and warned them against turning on lights. All were evacuated.

Gates said the gas was strong enough in eight of the building's 12 apartments to explode at the turn of a light switch.

## Seventh Inning

M.M.A.—Dutton popped to Brown. Mrayek grounded to center and Connelley struckout. No runs, no hits, none left.

Sedalia: Holst flied to center. Nold struck out. McCrary singled to center and stole second. Broadus flied to center. No runs, one hit, one left.

During the region games, only seven innings were played.

# Oklahoman Injured as Car Misses Curve

W. Ray Smith Has Fractured Ribs and Shoulder Blade

William Ray Smith, 42, Tulsa, Oklahoma, was seriously injured about 3:30 o'clock Saturday morning, when he missed a curve about three miles north of Sedalia on highway 65 and his car rolled over several times. Smith, en route from his home to Marceline, Mo., was alone at the time of the accident.

Smith was going north and when he failed to make the turn, the car left the highway, failing to continue up a gravel road, but along the road ditch. From the point of where it left the highway to where it stopped was 180 feet. The car rolled over several times, demolishing the body of the vehicle.

## Stopped On Its Top

It appeared when the car rolled over as it rolled the door on the driver's side flew open and as it went over again, Smith was dropped out onto the gravel road, and the car then rolled over two or three times more stopping on its top.

Tom Burlingame, 816 East Seventh street, told State Trooper Wayne Allman, he was driving north when Smith's car passed him at the Osage avenue and 65 junction and headed north. At the time Burlingame said he did not believe the man was driving more than 50 miles an hour.

Leslie Reed, 412 West Pettis, and Eva Snorgrass, 616 West Pettis street, in the car with him, was driving up the gravel road just as the Smith car started off the highway. Reed described the scene and appearing as if a ball of fire was rolling along the edge of the road. He said when they got out of the car, the man was sitting on the gravel road, got up and went over to his automobile and sat back down.

Reed said he went to a farm house and called for an ambulance and police.

## Many Fractured Ribs

The injured man was rushed to the Bothwell hospital where he is being treated by Dr. Pete Siegel, who reported Smith suffering eleven broken ribs, fractured shoulder blade, slight abrasions and bruises about his face and body. His condition is not considered critical.

The car which was practically demolished was towed to the Chamberlin service station.

Two cars collided on highway 50 in front of Gladys's Chicken Shack, about 2 o'clock Saturday morning doing damage to both vehicles and occupants escaping injury.

A 1950 Chevrolet sedan driven by Jesse Ernest White, 1801 South Beacon, was just turning onto the highway, when a 1950 Mercury sedan driven by Miss Melva May, Smithton, headed west came along. The two collided, White's car swerving across the pavement to the south shoulder and the Mercury stopping on the drive of the Chicken Shack.

The left front fender and grill of the Mercury was smashed in and the left rear fender on the White car was flattened out.

In the car with Miss May was Miss Doris Wilson, Brownings, Mo., and with White were James Meyers, and Oscar J. "Smoky" Caldwell of Sedalia.

The May car was towed to the Hamlin service station, while White was able to drive his car off.

# Kickoff Banquet For Jaycees

The kick-off banquet for the Sedalia Junior Chamber of Commerce will be held Monday evening at 7:00 o'clock in the Ambassador Room of the Bothwell hotel.

The feature of the evening will be the charter presentation by Floyd Stewart, national vice-president of the organization, to Bob Wall, president of the local Jaycees. This will officially designate the local group as a member of the national organization, as well as state, and also formally introduces the Jaycees to the people of Sedalia.

The principal speaker for the evening will be Floyd Stewart. Short talks will be given by Mayor Herb E. Studer, Dr. Stanley Peterson, president-elect of the State Junior Chamber of Commerce and Tom Yount, chairman of the Sedalia Civic Council.

There will also be a music program, featuring the Vaughn sisters, a male quartet and group singing. Bert Hathaway will be toastmaster. A large number of civic leaders of Sedalia have been invited as guests of the Jaycees. Over a 100 members, their wives and guests are expected to attend.

The couple will reside on a farm northeast of Cole Camp.

## Miss Margaret Johnson Attends Niece's Wedding

Miss Margaret Johnson, of 1104 South Monticau avenue, has just returned from a visit in Denver, Colo., and while there attended the wedding of her niece, Miss Betty Anne Rutter, daughter of Mr. and Mrs. Lilburn R. Rutter, to Mr. William Harpsit, son of Mr. and Mrs. Anton Harpsit, of Los Angeles, Calif.

The double ring ceremony was read by the Rev. Alexander C. Bryans, at seven o'clock on Saturday evening, April twenty-ninth, at the University Park Methodist church. Palms, snapdragons and smilax, with candelabra, formed the setting.

Preceding the ceremony, Mrs. Dorothy Taylor, organist, played "Because," "O Perfect Love" and "Liebestraum." As the bridal party entered, the "Bridal Chorus" from Lohengrin was played, and Mendelssohn's "Wedding March" was the recessional.

The bride was given in marriage by her father. Her gown was of white satin, with fitted waist, long pointed sleeves, and formal train, and her finger-up veil of illusion net cascaded from a coronet of pearls. She carried a bouquet of white roses.

The bride chose her sister, Miss Margaret Rutter, as maid of honor, and another sister, Miss Virginia Rutter, and the bridegroom's sister, Mrs. John Blessinger, were bridesmaid. All wore gowns of taffeta with elbow-length mitt and matching hat, and carried bouquets of spring flowers. The maid of honor wore pink and the bridesmaids' dresses were aqua.

Mr. John Blessinger, brother-in-law of the bridegroom, served as best man. Ushers were Mr. Robert Rutter, brother of the bride, and Mrs. James Malenowski.

Immediately following the wedding, a reception was given in the church parlors.

Mr. Harpsit is a veteran of World War II and both bride and bridegroom are students of Denver University.

The bride's parents are former Sedalians and her mother was the former Miss Lucile Lively.

go to Portland, Maine, and after a fishing trip in Wisconsin will go to Columbia where they will both attend summer school. Mrs. Young will be graduated this summer and Mr. Young will receive his master's degree.

## 'see you at ... the Country Club'

Just ran across an old quotation: "A whistle stop isn't the place for a man to blow his own horn," which recalls another quotation to me, "He who tooteth his own horn shall not be tooteth." When I blow I'm blowing about the Country Club so here goes! Cecil Owens just gave me the suggestions of colors that the decorator has submitted for our re-do at the club. The plans had been accepted so I will try to give you some idea of what we will be "walking into." Let's start with the entrance hall. The color of the upper wall from the wainscot to the ceiling will be sunstone. Below the wainscot and all doors and moldings will be cascade blue. The ceiling will be a soft white. Next, the north room. Ceiling, dusky rose and all woodwork and walls cascade green. Let's leave the south room, even though it is pretty and restful, and walk into the living room. The most drastic change there is the attractive picture window replacing the excess doors. There will be two doors left, one at each side, which will certainly take care of the traffic. The picture window will let a good deal more light in, too. The east, west, and north walls will be painted a cool shade of green. The ceiling, overall and down to and including the molding, will be painted a deep green. This takes us to the south door, which is the entrance to the dining room. This will be peach. The dining room will also be done in two shades of green, with one rest of the furnishings have been chosen to blend with these colors. After we are all decorated there will be supper dancing each Saturday night. It will be so nice to come out for dinner and sit or dance in a quiet, restful, attractive atmosphere.

The chairman and co-chairmen

Someone suggested that each social committee plan a party to raise money for a special fund to buy something for the club. Things we wouldn't have otherwise. I think it is a swell idea and reminds me of the proverbial "hope chest" where silver, linens, etc., were cherished. We could even start a set of silver. Something to think about and—if you want to—something to do!

## Flower Show is Highly Pleasing, Attractive—Awards

The Flower Show held Friday afternoon and evening at the Convention Hall was well attended by people from Sedalia and surrounding communities during the entire time from 1:00 o'clock in the afternoon until 9:00 o'clock that night.

The displays were unusually beautiful despite the late season and the heavy rain the night before the show. Outstanding was the rainbow of iris which was effectively exhibited.

A clever display which attracted much attention was the flower arrangements built about old maxims, such as "A bird in the hand is worth two in the bush," "A stitch in time saves nine" and "Two heads are better than one."

Judges From Jefferson City. Judges were Mrs. F. J. Capel and Mrs. Arthur Crowley, for horticulture and Mrs. Carl Brosch and Mrs. Cletus Pope for artistic arrangements. All of the judges were from Jefferson City and upon their arrival in Sedalia were guests at breakfast in the home of Mrs. George W. Chambers, 912 South Harrison avenue, and after the judging were entertained with a luncheon in Flower's Tea Room.

Mrs. A. H. Bratten was general chairman of the show with Mrs. Ida Harriman as co-chairman. Mrs. Oscar DeWolf is president of the Osage Garden Club Council.

Author John Hersey is Bielaski's Amerasia Mystery Man

By Drew Pearson

WASHINGTON, May 26—(P)—A mysterious "Internationally famous" figure supposed to be involved in the Amerasia case was tossed to newsmen as headline bait by Frank Bielaski, former OSS agent, this week.

It made headlines all right, but Senator Tydings of Maryland immediately countered that the new mystery man had nothing to do with the case.

In order to clear up the mystery, this column has investigated exactly what Bielaski testified behind closed doors, also has done some checking upon Bielaski himself.

The international celebrity, whom Bielaski claims "towers head and shoulders" above anyone else in the Amerasia case, is John Hersey, author of the bok upon which was based the famed war picture, "A Bell For Adano" and the graphic story "Hiroshima." However, Bielaski's total recollection was that he had seen Hersey's name scribbled on an envelope in the Amerasia office, and he admitted to senators that no link could be found between Hersey and the Amerasia magazine.

Former GOP Investigator

Hersey incidentally was never employed by the state department or any other government agency. It is also only fair to report that Bielaski himself was formerly an investigator for the Republican National Committee, that he now operates his own private detective agency which is thriving on the Amerasia publicity, and that he was also involved in the famous Rhode Island wire-tapping scandal of 1940.

Finally, it is important to note that the newspaper chain which has been constantly and persistently demanding a probe of the Amerasia case—the Scripps Papers—is being sued for libel by Mark Gayn of the Chicago Sun, one of those originally involved in the Amerasia case.

With this background in mind, here is Bielaski's closed-door testimony before the Tydings subcommittee. First, he described his illegal raid on the Amerasia Magazine offices, told how he broke into the library and saw the table covered with documents.

"This is something I have never repeated in public or anywhere, but which I think must be told here," Bielaski confided. "An envelope in the middle of the table was there, and written across the top of it catercornered was the name John Hersey."

"John....?" inquired Tydings, who has been having trouble hearing with his right ear.

"H-E-R-S-E-Y," Bielaski spelled the name out.

"It was not an envelope to my mind that was addressed to him, but as you might write your name on an envelope belonging to you," continued Bielaski.

The ex-OSS agent estimated that the "Hersey envelope" contained 12 to 15 documents.

No Amerasia Connection

"Did your investigation show that Hersey was connected in any way with the (Amerasia) magazine?" inquired Tydings.

"No sir," Bielaski admitted.

"Or that he contributed to the magazine?" pressed the Maryland senator.

"No sir, not a thing that showed he had any connection with the magazine at all except for documents in the envelope with his name on it," repeated Bielaski.

The private detective also backed down when Tydings asked him for information on the "disloyalty of persons in the state department."

"Well, as to that," hedged Bielaski, "I have no firsthand knowledge of disloyalty of persons in the state department in connection with the Amerasia case."

It was also pointed out that the Justice department couldn't prosecute the Amerasia case because Bielaski seized the documents illegally. This led to a clash between Republican Senator Lodge of Massachusetts and Democratic Senator McMahon of Connecticut.

Illegal Entry

Lodge brought it up by asking Bielaski: "Under what authority did you conduct the raid on the Amerasia office?"

"I didn't ask for authority at the moment, senator," confessed Bielaski. But since, I have thought over the legal position, and I understand that the OSS was created by executive order (which) provided that it should take care of its own security."

This appeared to be a weak excuse and Lodge tried to be more helpful.

"Did you realize that in wars in the past the normal safeguards of search and seizure and Habeas Corpus had been suspended, and probably in this war it would be all right to suspend them for the security of the country?" suggested the Massachusetts senator.

"I realized we were at war, someone had stolen valuable secrets from us, and I had to try to get them, and I did," Bielaski readily agreed.

"You can't set aside the constitution in time of war," countered Tydings.

"I think they did it in the time of war. He did it and got away with it," shot back Lodge.

"I would have done it myself," he added.

Constitution Violated

Senator McMahon then broke into the argu-

ment, reading from the Constitution. "The right of people to be secure in their persons, houses and papers and effects against unreasonable search and seizure shall not be violated," he quoted.

"Of course my friend from Connecticut knows that if that had been followed, it would be impossible to protect ourselves," retorted Lodge.

"Let's get this straight," snapped McMahon. "This case is now up against a legal proposition—in other words, the question of whether or not you can use the evidence that is illegally obtained."

"You can't use it," admitted Bielaski.

"Of course, there can be no doubt about that," snorted the senator from Connecticut. "You cannot sustain any conviction based upon evidence that was obtained or seized contrary to the Constitution. No president or anybody else has got the right to suspend the Constitution."

"You know as well as I do that the Constitution has been set aside by presidents," shot back Lodge.

"No," snapped McMahon.

"President Lincoln set it aside," insisted Lodge.

"He suspended the Writ of Habeas Corpus, and as a matter of fact, no president of the United States can set aside the Constitution. Please take my word for that," countered McMahon, who had a distinguished record as assistant attorney general.

"I know what Lincoln did in the civil war," growled Lodge.

"You can do it but not legally," suggested Tydings, as a compromise. This ended the argument.

Duff's Victory May Give Him Reins in the Keystone State

By Bruce Blossat

We'll have to wait until November to learn whether Progressive Gov. James H. Duff's stunning victory over Pennsylvania's Old Guard Republican boss, Joseph Grundy, will be final and complete.

If Duff's personal choice for governor, John S. Fine, the new GOP nominee, can capture the statehouse in the fall elections, then Duff will have achieved what few Pennsylvania governors ever attain. He will have held onto control of the state organization beyond the end of his term.

State law bars a governor from seeking reelection. Others have tried to choose their own successors and thus hang onto power, but few have made it.

Defeat for Fine in the fall would open the way to the conservative Grundy forces to fight back toward renewed power. And Fine's job won't be easy. His Democratic opponent is Richardson Dilworth. Philadelphia city treasurer who led his party to a surprise victory over the entrenched GOP in that city last year.

On the basis of history, however, the odds do favor Fine. Only twice in 64 years has a Democrat captured the Pennsylvania governorship. The last time was 1934.

If Fine does come through, it means full state power for Duff, 67-year-old battler for a dynamic, progressive Republican Party. He will call the turn, too, on the 1952 delegation to the GOP national convention.

There can be no doubt he will throw his weight on the side of aggressive, forward-looking Republicanism in the nation. In the primary he made Old Guard "Grundysm" the chief issue. He will be looking for a presidential prospect who reflects his own approach.

November victory for Fine will put Duff in the driver's seat no matter what happens to his personal contest for the Senate job of incumbent Sen. Francis J. Myers, Democrat.

Actually, Duff's own chances of election are good, though Myers is a vigorous campaigner and is already plugging hard. Six years ago Myers won by a scant 23,000. But in 1948 the state plumped for Gov. Thomas E. Dewey by 150,000. No state gave him a bigger edge.

Whatever the November outcome, the whopping 500,000 and 200,000 vote triumphs scored by Duff and Fine, respectively, are a resounding answer to Republican leaders who wonder where their party should go. It's a reply that ought to be pondered well in high party councils everywhere.

Clever People, Those Chinese

The Chinese Nationalists' "department of fuller explanation" at Formosa headquarters is tying itself in knots in its effort to justify recent military actions on Hainan and other islands off the China coast.

On Hainan, the Nationalists' sizable forces resisted Communist invaders for a time, but then suddenly folded and executed a speedy withdrawal. According to Formosa, this maneuver thwarted Red aims. Apparently, capturing Hainan could not have been one of those objectives.

Now Chiang Kai-shek has withdrawn 150,000 troops from the Chusan islands, which served as valuable air and sea blockade bases for the Nationalists.

It seems the Communists were massing for an assault on the Chusans. By pulling out and letting them have the islands, Formosa declares, the Nationalists have "smashed the scheme" hatched by the Reds.

One wonders what clever strategy the Nationalists will employ when the seizure of Formosa itself becomes the Communists' "scheme." For there will then be no island left to which the Nationalists may retire to savor their strategic triumph.

THE STORY: Warm Gloria Brown learns to bake apple pie she lends squarely to a murder case. Gloria's next door neighbor, who was Gloria's teacher, disappears and the body of an underworld character is found in the Browns' dumbwaiter. Later Gloria meets Mrs. Benson, hiding at Tony's fruit market, and is asked to bring the apple pie in the Benson's kitchen, which Mrs. Benson says contains her safe deposit box key. Gloria refuses and goes to the beach with her husband, Miltiades. In spite of misgivings she takes along a knife which was a memento to the knife used to kill the underworld character. Later this knife is found sticking into the back of an underworld character—that Gloria had seen on the street near her apartment.

• • •

THE police had finally succeeded in moving back the crowd so that the four of them were in a little oasis on the sand, Gloria and Miltiades, Lieutenant McGann and the dead Sal. Gloria shivered. "She took drugs," Gloria murmured.

The lieutenant looked at her sharply, his eyes hard. "You knew her?" he snapped.

Whatever she said he wouldn't believe her now. "I saw her this morning on the sidewalk on Fifth Avenue, arguing with the plainclothes man. I don't know his name. The one who sent to—protect us. Sammy, the newsboy, told me her name."

"Is the ambulance here?" Lieutenant McGann asked a blue-uniformed patrolman, who nodded. "Good. Get the pictures and then have an autopsy. Ask Doc to phone my office how long she's been dead." He turned to the Browns, ordering crisply, "You two get your clothes on and wait for me in my car."

A policeman had appeared from thin air and she took Gloria's bare arm and they started for the bathroom with the crowd shoving and pushing to get a glimpse of her.

"She's got my key!" a woman's voice screamed and the fat woman from the Bronx tried to push closer screaming she wanted her bath-

key, while a cop held her back. Gloria explained to the policeman what had happened and it sounded just as unbelievable as everything else, but a policeman went and got Gloria's lunch basket and the rug and told the fat female she could have her key when they got through with it, but to stop yelling and what was her name?

"Why should I give my name? I ain't done nothing!" she yelled. But finally she divulged her name and a Bronx address. "Sam," she yelled. "Spit out that sandwich! Maybe it's poison yet!" She gathered her brood about her, glaring at Gloria. "Come Sam, Molly. Is no place for decent people!"

Miltiades was waiting for her when she got in the police car, a big black limousine. Miltiades said bitterly, "The whole Atlantic Ocean to pick from and we had to choose this particular beach!"

• • •

"OR," said Gloria slowly, "someone else picked it to murder poor Sal because we were handy goats again. Why should anyone hate us that much, darling? It couldn't be coincidence twice."

"You're darn tootin' it couldn't," Lieutenant McGann said, opening the car door and sliding into the little seat in front of them so he could sit facing them. "You say Sal was fighting with Hansen? The plainclothes man," he added. "I suppose you spotted him at the Splendide?"

"How could I help it—him sticking out like a sore thumb?" Gloria snapped wearily. She might have said more but at that instant the driver asked, "80th precinct, sir?" and the lieutenant nodded.

"Homicide Headquarters," he explained to Miltiades. "We'll want to keep you tonight maybe to ask you a few questions."

"Don't be a moron," Gloria advised, furiously. "There were a million people, more or less, jumping up and down in the water and anyone of them might have stabbed her. You can't arrest Mil-

Ps. 68:6; Matt. 19:3—15

THE PRIMARY END OF SEX

If the place of sex is not the first place and if sex is not an end in itself, then what is the place of sex? (3) The primary end of sex is the procreation of children and their nurture in an atmosphere of love. Sex is primarily intended for the creation of persons, not of pleasures. There is a pleasure principle surrounding the procreation of children, but if this pleasure principle is detached and becomes an end in itself, it will cease to become pleasure and become the very opposite. The pleasure must be the by-product of the will to create, or it will cease to be. The sex urge is first of all a creative urge, and not a pleasure principle.

But another use of the sex urge is produce an atmosphere of love surrounding the young life that has been created. If the occasional use of sex ministers to this love life, fosters it in the parents, lifts the whole tone of married life, then this use is justified apart from the procreative intention. But if it lowers the tone of married life, becomes a point of conflict in the individuals or between them: if it leaves life weakened mentally, morally, spiritually, or physically, then this use is not justified. It should be renounced entirely. As a sacrament of love—yes. As a sordid sexuality—no.

(4) The sex urge not only tones up the corporate life of the parents, but tones up the individual life, too. It gives it sparkle, life, fire. It bathes every cell in the body with new energy, new radiance. But only as sex has found its place. Those who have an adjusted sex life sparkle. Those who have not, are dull and listless. Sex becomes not food, but poison. When I say sex tones up the individual, I mean not only in its proper use, but in its proper restraint. A restrained sex life turns back and bathes the entire person with health.

Alexis Carrel: "In order to reach its highest intelligence man seems to require both the presence of well-developed sex glands and the temporary repression of the sex appetite."

O God, our Father, I thank Thee for this fire of sex within me. Let it burn within me as a sacred fire upon Thine altar, lighting up my entire being. For if it is not this, it will be a fire to consume my mind, my tissues, my bones, my possibilities, me. Then help me this day to dedicate this sacred fire to Thee. Amen.

Child in Peril Pulled to Safety

NEW YORK, May 26—(P)—A four-year-old girl screamed as she hurtled into the deep, choppy water.

She might drown or be crushed between pier pilings and the swaying bulk of a 10,000-ton ship moored at a Brooklyn dock.

But it took only three minutes for 150 husky longshoremen to nudge the freighter back while a trio of fellow workers formed a human chain and pulled her to safety.

The little girl, Diana Svet, slipped while boarding the freighter Srbija with her mother yesterday and plunged through the ten-inch space between the ship and the pier.

## Ground Broken For Gospel Tabernacle

Ground was broken for the new Gospel Tabernacle parsonage Saturday afternoon, May 20th, at 2302 South Ohio avenue, at which time a ceremony was held. The program started with the singing of "We'll Work 'til Jesus Comes," followed by a talk by the Rev. Vern Bowlin from the subject, "Let Us Arise and Build." At the close of the address the pastor and trustees broke the first soil for the foundation at which time prayer was offered for the success of the workmen and for God's blessing on the building. The building will be a frame structure, six rooms efficiency, to cost approximately \$6,500. Each leader of the various departments of the church turned a shovel of dirt quoting an appropriate verse of Scripture. They are pictured (left to right): Claude Hoffman, Albert Kroenke, Rev. Vern Bowlin, pastor; James Cookman, Raymond Reno. Another member of the board, Herbert Hickman, was unable to be present because of illness. (Photo by Padgett.)

## Sedalia Cubs Play House Of David

The Sedalia Cubs will no doubt run up against their toughest competition tonight at 8:00 o'clock when they play host to the nationally famous House of David team under the lights of Liberty Park.

The traveling team, noted for its pepper-up exhibitions and be-whiskered players were scheduled to arrive in Sedalia this afternoon. Headquarters for the team is in Beloit, Wisc. Hotel rooms at the Bothwell have been reserved for the team.

Manager Jack Alpert of the Cubs said this afternoon Charley Thompson, Mac Smith, Kenzie and Lawrence Dittion were draining water off the infield and burning the field with gasoline to get the diamond in top shape for tonight's game. He said the outfield was in good shape. In case of more rain this afternoon, the House of David club will not call the game off, unless it is absolutely necessary, as the team is used to all types of playing conditions. If there is more rain, it will be up to Alpert and the House of David managers to call off the game.

Alpert said there has been a good advance sale of tickets for the game. Many followers of the Sedalia Cubs expect the biggest crowd since the season opened on hand tonight.

The Cubs' manager was not sure of the starting pitcher this afternoon. He indicated he would send in a starting hurler, after he looked them over in a warm-up session this evening and would send in the one that looked the best. He will have Bob Rapp, Bob Brown or Barney Barenburg to choose from. Miller Hume will work behind the plate.

In the outfield will be George Thompson, left field; Charley

Thompson, centerfield and Barnes in right field. Infielders will be: Livengood at first; Vilmer or Slocum at second and Barr at third, with Cassing at shortstop.

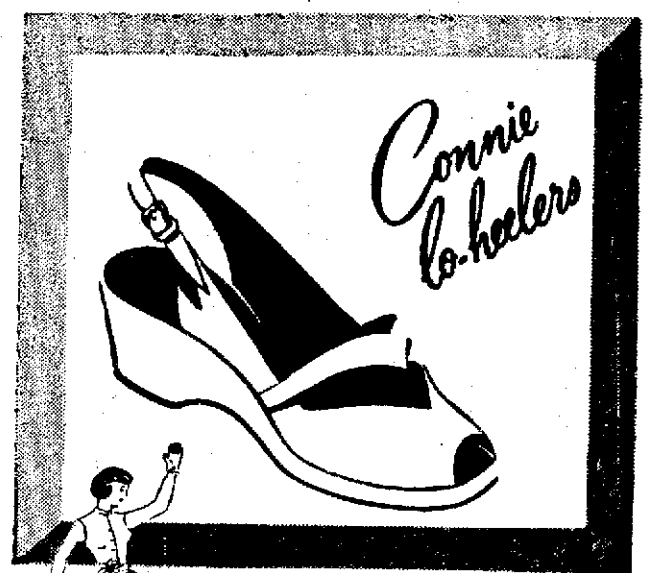

Sunday the Cubs will journey to Glasgow for a game in the afternoon.

said he frantically waved at Mortimer Manning that the switch was open—in a position which would change the course of the car. The car continued on—and collided with the gasoline truck.

## Series of Explosions

One witness—Peter Simadis, 40, a tavern owner near the crash scene—said the fire "was traveling in a series of explosions, spreading so fast that no one could have escaped its path."

"I ran to the telephone, but before I could complete a call to the fire department the front window of the tavern cracked under the intense heat and then fell inside."

The intense heat blistered billboards 75 feet away. Four or five explosions followed the crash. Witnesses said the flames "jumped around like big balls."

Mrs. Mary Poxonney, 42, a telephone company supervisor and one of the passengers who escaped with minor injuries, said one passenger had shouted a warning "look out" before the crash.

"Then I heard a crash and the car rocked, then righted itself," she said. "x x x I saw people sprawled about the car. There was black smoke everywhere. x x x At first all doors were closed. Then someone got the back door open and I fell out."

Another passenger, Arleon Franzen, 18, "Everyone in the street was panicky. x x x The screams were horrible. It was like a nightmare."

She said the passengers could not open the rear doors.

"They claved at them, but they wouldn't open. Finally a colored woman smashed a window with her fist and people crawled through it."

Miss Franzen also escaped through the window.

Other passengers described the frantic efforts of passengers to get out of the burning car. Many were trampled in the aisle and others were killed before they could get to broken windows.

After bodies of the victims were removed, police pulled the trolley car away from the position in which it had been burned. The bodies lay in a charred mass under tarpaulins on the sidewalk until removed to the Cook county morgue, where the difficult task of identification was started.

The truck driver was identified as Mel Wilson of Valparaiso, Ind. He was driving a truck owned by Sprout and Davis, Inc., of Whiting, Ind.

## Surrenders in Chase by Patrol

JEFFERSON CITY, May 26.—(AP)—A dancing teacher who recently announced plans to study for the ministry was arrested today in a \$23 robbery.

Lt. P. E. Corl of the State Highway Patrol said the man, Eldon (Skipper) Baugh, was shot in the hand before he surrendered to troopers near Ashland, Mo., early today as bloodhounds bayed on his trail.

Corl said the arrest came after a hitch-hiker reported he was robbed of \$23 and his wallet on Highway 54 north of here a few hours earlier.

The patrol officer said a robbery charge would be filed in Callaway county later today.

Troopers fired several shots while chasing Baugh through a field and one of them wounded his hand. He was treated at Boone county hospital in Columbia and later was taken to the city jail there.

Corl said this is what happened: A hitchhiker named Joseph Larby, 16, of Holt's Summit, caught a ride with Baugh and they drove north on Highway 54. About two miles from town Larby and Baugh stuck a gun in his ribs and took his wallet.

The car was spotted later going north on Highway 63. One patrol car set out from there, another from Columbia and they found it near Ashland.

Baugh jumped over a fence and ran. Troopers fired several shots and one of them winged him, but he kept going.

He gave up to Trooper O. S. Liley when he heard the baying of bloodhounds brought from Alton intermediate reformatory. The dogs were trailing him when he surrendered.

Baugh announced in Moberly April 25 he planned to give up dancing and devote his time to church work. He said then he would make his last public appearance as a dancer at a Parents-Teachers Association program in Moberly April 27. He said he intended to study for the ministry.

Baugh participated in evangelistic services at a Moberly church and was a speaker there May 10 at a praise-prayer-power service. Married and the father of two children, he has been a dance teacher more than 10 years. He had studios in Moberly, Brunswick, Mexico, Vandalia, Ladonia, Browning, Linneus, Camdenton, Lebanon and Perry.

## Rubber Stocks In Good Gain

NEW YORK, May 26.—(AP)—Rubber stocks fared far in front of today's market.

Goodrich closed with a gain of four points at 95. U. S. Rubber added 2 1/2 and Goodyear 1 1/4.

In sharp contrast to the rubbers was pronounced weakness among radio-television issues. Zenith dropped around two points while losses of fractions to about a point were posted for Admiral, Philco, and Emerson.

The balance of the list displayed drooping tendencies during the morning but in later trading staged a rebound, and only partly succumbed to the early price changes generally were less than 2 points.

Turnover contracted to around 1,300,000 shares, one of the smallest figures in more than two months.

Some issues which resisted downward tendencies in yesterday's rally continued to improve. Among them were Youngtown sheet, Montgomery Ward, Childs, International Minerals, General Motors, Chrysler, Phelps Dodge, American Cyanamid, General Electric, Santa Fe, Southern Railway, Illinois Central, U. S. Gypsum, and Johns-Manville.

On the balky side were Bethlehem Steel, Douglas Aircraft, Allied Chemical, Dow Chemical, Southern Pacific, and Standard Oil (N.J.).

# Jaycees Hold Board Meeting

Agree to Sponsor a Air Scout Group and "Flying Breakfast"

The Board of Directors of the Junior Chamber of Commerce held a meeting at the Chamber of Commerce office at 7:30 o'clock Thursday night.

At the beginning of the meeting D. R. Osborne of Kansas City contacted the board in reference to get the Jaycees help in selling calendars and other materials. The board took the matter under advisement and held some discussion.

## Hold Dinner Meeting

The board decided that the next regular meeting would be a dinner meeting to be held at Dan's Pioneer room. They also pledged to give chamber help in the blood drive.

Pat G. Darnell, the district scout chairman, appeared before the board and asked that the Jaycees sponsor an Air Scout organization in Sedalia. The board discussed the proposal and agreed that they would ask volunteers to give their time and efforts to help establish this new organization.

In co-operation with this support they have agreed to give a "Flying Breakfast" for those interested in this project in the near future.

## Anderson A Chairman

The board made Don Anderson, chairman of the state board of directors committee, whose convention is to be held July 15 and 16.

They also voted to let the president and the secretary of the Senior Chamber sit in on the board meetings as ex officio members in order that they might act in an advisory capacity.

Bill Johnston the state vice-president of the Jaycees attended the meeting Thursday and gave the board several suggestions for the summer state board meeting.

Bob Walls the president of the club presided over the meeting.

# Turn Down a Co-Op Taxation

WASHINGTON, May 26—(AP)—The House ways and means committee turned down Thursday the proposals to require now-exempt co-ops to pay normal business taxes.

It voted, however, for a 10 percent withholding tax on the dividends the co-ops pay to their customers and stockholders if such dividends must be computed as part of the total income of those receiving them.

A committee spokesman estimated this would bring \$20,000,000 (M) additional into the treasury annually.

The withholding tax would not impose any new tax obligation on anyone, but would make sure that taxes are paid on such dividends.

## May Build Railroad Tunnel in St. Louis

JEFFERSON CITY, May 26—(AP)—The city of St. Louis and railroads which serve Missouri's largest city have asked the state to permit construction of a 3,000 foot railroad tunnel along the west bank of the Mississippi river.

They told the public service commission it is a part of the federal-municipal plans for the Jefferson Memorial expansion program along the river. It would permit surface rail lines to go underground through the site of the memorial.

A public hearing on the application is scheduled for June 15.

## Bing Crosby Crashes White Tie Affair

LONDON, May 26—(AP)—Easy-going Bing Crosby, dressed in grey flannels, dropped in on the London Daily Mail's annual film award party last night, a strictly white tie affair.

The singer stumbled onto the party as he entered his hotel. Seeing the crowd in party dress, he asked, "what's cooking?"

Immediately he was invited to join. He did.

He sang a couple of songs and kidded Bob Hope.

# Alumni Honors Charles G. Ross

WASHINGTON, May 26—(AP)—Chas. G. Ross was honored Thursday by fellow alumni of the University of Missouri for his five years by the side of President Truman.

Ross got a coconut cake with five candles, marking his fifth anniversary as presidential press secretary. And he heard a lot of nice things said about him.

Mr. Truman himself — he and Charley were high school classmates in Independence, Mo. — sent Ross a letter from the White House.

The President said he wished he could be at the alumni association luncheon to tell "what dependence we all place on the guidance which you always give out of your wisdom and ripe experience."

"We have been down the line together now for a long time," the President said. "To you I owe a debt of gratitude difficult to estimate — impossible to repay."

There were other messages for Ross, from Joseph Pulitzer, publisher of the St. Louis Post Dispatch, which he once served as Washington correspondent, from Irving Dillard, editor of the paper's editorial page, from officials of the university and its journalism school where he taught, and from the first graduate of the school, Charles Arnold, class of 1909. Ross graduated from the university in 1905.

There were words of appreciation delivered in person by Missouri's two Republican senators, Donnell and Kern, and from undersecretary of defense Stephen Early, who was President Franklin D. Roosevelt's press secretary for a dozen years. Though Early is not a Missourian, he attended as Ross' predecessor.

# Claim Secret Report Missing

WASHINGTON, May 26—(AP)—A secret military report — dealing with one phase of alleged irregularities at the army's St. Louis finance center — is missing, it was learned Thursday.

The report involves a probe by army counter-intelligence into a tip that an employee at the center had attempted to walk off with a bundle of negotiable checks, representing unclaimed allotment and family benefit allowances.

A House armed services subcommittee is expected to look into the disappearance of the report next week when it resumes its inquiry into charges of subversive influences and other irregularities at the center.

Charles Johnson, legislative representative of the government's general accounting office, has told the House group the GAO not only is unable to prove there had been an effort to steal the checks — but can't even turn up evidence that the checks ever existed.

The subcommittee proposes to recall Maj. Gen. Louis Craig, the army inspector general, for an explanation of his investigation into the two-year-old check puzler that baffled the general accounting office.

The story of the missing checks was first related by Sally Dewey, an employee at the center.

## Arvil Platt Retires As Master Sergeant

COLUMBIA, Mo., May 26—(AP)—Arvil Platt didn't get to see the world after he joined the Army. He enlisted at the age of 17 from New Franklin, Mo., in 1920 and has spent 30 years at one station on the University of Missouri R. O. T. C. staff.

Now a master sergeant, Platt will retire next month. Then, he says, he's going to do some traveling.

**REORGANIZED CHURCH OF JESUS CHRIST** of Latter Day Saints, corner of Ninth and Monticau. Elder Roe B. Vincent, pastor. Church school 9:45 a. m.

There is a flippant saying that "laws are made to be broken." The truth is that society cannot prosper nor men be protected in their rights and happiness without laws. It is the duty and responsibility of government to pass laws for the security and well-being of their peoples. That discriminatory and unjust laws are sometimes enacted does not detract from the essential truth that laws are vital for the social good.

What is true of the secular order is even more true of the spiritual order. That state, in exercise of its God-ordained rights, enacts laws for the external life of man. It is God's special province to govern and regulate the inner or spiritual life of His creatures.

Since the state receives its authority from God, it follows that God's laws must be honored first. If this is done the effect is twofold: The state refrains from passing laws which are wrong; and the individual is blessed by the consciousness that he is living in full harmony with the laws of God and of the government to which he is subject.

It is well to keep in mind how the twin jurisdiction of God and the state operate. The state has authority, for example, to impose fair taxes, to punish crime, to regulate commerce, and to declare war. But the state cannot legislate in regard to men's thoughts. It cannot control what is done in secrecy and private. It may not force a man to go to church, to pray. It may not prescribe acts of charity or self-denial. There are realms in which God alone may legislate.

Human beings must be judged by their degree of allegiance to the double authority set over them. A man may be an outstanding citizen—law-abiding, cooperative and zealous in promoting the general welfare. But, at the same time, he may be a moral renegade—guilty of secret vices, or harboring impure, vengeful or covetous thoughts. It is only when we find that a man is wholly true to his two allegiances—to God and to the state—that we may call him truly worthy.

**TRINITY EVANGELICAL LUTHERAN** (United Lutheran) Tenth street at Osage avenue. Rev.

**Mercy Underlies the Message of Micah**  
By William E. Gilroy, D. D.  
We have seen how the prophet Micah simplified the definition of religion, in his famous saying, "What doth the Lord require of thee, but to do justly, to love mercy and to walk humbly with thy God?"

We might think of that as the climax, the highest point in the seven chapters of his prophecy that have come down to us. But there is something higher. The real climax is in the closing verses of the prophecy Micah 7:18-20, in which Micah describes the pardoning grace of God.

Could God require mercy of man without being merciful Himself? That would be contrary to all right and all logic. God is not only merciful, says Micah, but He delights in mercy.

That highest note in the Hebrew prophecies should never be missed, or forgotten. They re-echo with such sternness heretofore? He retaineth not His scanning of their messages might anger forever, because He declines us to regard them as harsh and pessimistic. But beneath it all was the note of mercy, the message concerning God's continued call, and His willingness to forgive all iniquities.

Reconciliation was the theme of the prophets. They often pic-

tured the forgetfulness of God and rebelliousness of Israel in terms of gloom, but it was never in terms of despair. Always there was the note of hope.

Paul, a Christian thoroughly versed in the Hebrew Scriptures, was to write (in Romans 8:24) that "we are saved by hope." It is interesting to take a concordance and see how much the New Testament has to say about hope. It is a theme to which Paul, especially, returns again and again. Faith is the motive power of salvation, as love is the great and true issue of salvation (see I Corinthians 13), but hope is its condition and its beginning. Without hope faith can never become operative and effective and love can never appear. Complete despair means the complete death of the soul.

Here, then, is the climax of Micah's message: "Who is a God like unto Thee, that pardoneth iniquity and passeth by the transgression of the remnant of His heritage? He retaineth not His anger forever, because He declines us to regard them as harsh and pessimistic. But beneath it all was the note of mercy, the message concerning God's continued call, and His willingness to forgive all iniquities.

That is a better place for them than in our hearts and lives.

**C. Arthur Freeberg**, pastor; Mrs. Elmer Finlgand, organist; Leonard Englund, choir director; Allen Telford, Sunday school superintendent. Sunday school classes will begin at 9:30 a. m. The worship service will be held at 10:45 a. m. "Pentecost Makes a Living Church" is the title of Pastor Freeberg's sermon. Daily Vacation Bible school classes will begin on Monday, May 29 at 1:15 p. m. Classes will be held each day at this hour, with the exception of Tuesday, May 30. Memorial Day. Class sessions will close at 3:30 p. m. each day. The Church Council will meet on Friday, June 2 at 7:30 p. m.

**FIRST ASSEMBLY OF GOD**, Sixth and Summit. Rev. George Acree, pastor. Sunday school 9:45 a. m. James A. Green, superintendent. Worship 11 a. m. Christ Ambassadors 6:30. Mrs. Mary Adams, president. You are welcome to attend the church services and to visit the reading room where you may read, borrow or purchase the Bible and all authorized Christian Science literature.

**"ANCIENT AND MODERN NECROMANCY, ALIAS MEMEMERISM AND HYPNOTISM, DENOUNCED"** is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 28, 1930.

Golden Text: Rom. 8:31.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Finally, my brethren, be strong in the Lord, and in the power of his might. Put on the whole armour of God, that ye may be able to stand against the wiles of the devil." (Eph. 6:10-11) The Lesson-Sermon also includes the following from the Christian Science Textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Tears that should stifle the slumbering thought from its erroneous dream are partially unheeded; but the last trump has not sounded, or this would not be so. Marvels, calamities, and sin will much more abound as truth urges upon mortals its resisted claims; but the awful law of sin destroys sin, and fore-shadows the triumph of truth." (p. 223)

**Vacation Bible School**  
At Trinity Lutheran  
Daily Vacation Bible school classes will begin at Trinity Lutheran church, Tenth street and Osage avenue, on Monday, May 29 and continue until Friday, June 3. Classes will begin each day at 1:15 p. m. and will be dismissed at 3:30 p. m. with the exception of Tuesday, May 30 when no classes will be held because of Memorial Day. Having afternoon classes this year is a departure from the regular procedure of past years when classes were held in the morning. There will be classes for every age group, with special features such as handwork, story periods, and visual aids to supplement the class instruction. All children are welcome to this school.

**Jehovah's Witnesses**  
Will meet Sunday 2:00 p. m. 721 East Third, Kingdom Hall. Study of the Bible and Watchtower subject: "Servants Feed the Flocks." I Peter 5:2. Followed by a study of "Who Is Jehovah" taken from the book, "Let God Be True." Service meeting and Theocratic Ministry school every Thursday evening at 7:30.

**To Confer Degree On Judge Ellison**  
JEFFERSON CITY, May 26 — (P)—Judge George Robb Ellison, a member of Missouri's Supreme Court for 20 years, will get an honorary doctor's degree at Culver-Stockton college, Canton, Mo., next Monday, May 29. And the little judge, as he is known affectionately in this capital city, says he's "scared to death." He won't have to make a speech—just get up on the platform and let himself be decked out in the robes of a doctor of laws. But the white-haired little man with the big smile isn't used to being on the receiving end.

He'd rather be host than honored guest.

**Lamar Paper Sold**  
To D. W. Rowland  
LAMAR, Mo., May 26—(P)—The sale of the daily and weekly Lamar Republican and two weekly affiliate to D. Wayne Rowland, publisher of the Seymour, Mo., and president of the Ozark Press Ass'n, was announced Thursday by C. W. Crawford.

Crawford said Rowland had contracted to buy his newspapers here and the Sheldon Enterprise and the Golden City Independent, the transfer of ownership to become effective June 1.

**Permanent Marriages**  
COLTON, N. Y. — (P) — Two couples, next door neighbors in this Northern New York community, boast a total of 108 years of marriage.  
Mr. and Mrs. Ernest Bancroft recently celebrated their 58th wedding anniversary. On the same day, Mr. and Mrs. George Russell observed their golden wedding anniversary.

## New Probe on Service Career

WASHINGTON, May 26—(AP)—The state department will start today with a new and secret-shrouded probe into the loyalty of Career Diplomat John S. Service, named by Senator McCarthy (R-Wis) as a pro-Communist. Service insists he is loyal.

The hearing before a three-man panel from the department's loyalty and security board will be held behind closed doors. Even the identities of the panel members were withheld.

Service, who was recalled to this country, and a score of his witnesses will testify in what his attorney calls an effort to clear Service's record "once and for all."

The veteran diplomat, a specialist in far eastern affairs, has been investigated and cleared a number of times since he was accused and exonerated in the 1945 Amerasia case. That case involved charges that stolen state department documents were turned over to the magazine Amerasia.

## Community News from Lincoln

### Mrs. Herbert Hansen

A large crowd attended the county-wide 4-H service which was held at the high school auditorium Sunday afternoon. Rev. W. W. Mihlfeld, pastor of the Warsaw Baptist church delivered the address, the subject of which was "What Good Shall My Life Do Me." The following program was presented:

Prelude, Bonnie Fischer, Ray Owens led by Lyle Vance Ellis; Pledges, Congregation; Invocation, Rev. W. W. Mihlfeld; Prayer response, 4-H choir; hymn, "The Church in the Wilderness, congregation; The Four Square Life, Rev. Wesley Hampton, pastor of the Warsaw Methodist church; Psalm 8, Lois May Ragan; Mark 4:3-9, 26-32, Barbara Glenn; "Bless This House," 4-H choir; prayer, Kathleen Eckhoff; offertory, Helen McLerran; vocal solo, "Ave Marie," Larry Freund; violin solo, "A Place in the Sun," Scotty Newkirk; Sermon, Rev. ## Rescuer And Rescued

Mrs. Anna Svet holds her daughter, Diana, 4, on her lap in the suburban Queens home in New York after the child had been saved from a watery grave through the heroism of longshoreman Joseph Zapulla (right). Looking on (picture at left) is Diana's cousin, Evelyn Kralj. Zapulla, lowered face down by two mates who formed a human chain, pulled the child from the water unhurt after she fell in a 10-inch space between the pier and the swaying hull of a ship she was visiting with her mother. Meanwhile, 150 other longshoremen pushed against the 10,000-ton steamship's side to save her from being crushed. (AP Wirephoto)

## Talk to Club On 'Better Living'

The Bethel 4-H club held its Rural Life Sunday on May 21, at Bethel school house.

A talk on "Better Living for a Better World" was given by Harry Simon, of Warrensburg, state president of the Reorganized Church of Jesus Christ of Latter Day Saints.

Joan Crawford to Hospital for Week-End  
HOLLYWOOD, May 26—(AP)—Joan Crawford is going to spend the week-end in Hollywood Presbyterian hospital.

Her physician, Dr. William Branch, says she was completely exhausted when her latest film was completed Wednesday. She worked 23 hours straight to facilitate the final takes.

Producer William Dozier summoned Dr. Branch when Miss Crawford complained of feeling faint. He sent her to the hospital and said she would have to remain several days.

Participated in Show  
Among the students who participated in "Carousal," a variety show presented recently by Read Hall, Student Union Building at the University of Missouri, was Gordon Capes, son of Mr. and Mrs. Ralph G. Capes, 1610 West Broadway.

Butler and son and Maurice Schneider, all of Sedalia enjoyed a picnic on Big Tebo creek the past Sunday.

Miss Mary Orr Nixon and Mrs. S. O. Brill went to Kansas City last Tuesday and while there attended the band and choir concert that was presented there by Central college band of Fayette.

Mrs. C. W. Jaekel was hostess to the Help Your Neighbor club which met at her home the past Tuesday afternoon with eight members and four guests, Miss Jennie Perry and Mrs. Bill Kunz and two children present. The next meeting will be with Mrs. E. D. Cole on the afternoon of June 20th.

## No Smuggled Arms Involved

WASHINGTON, May 26—(AP)—The state department said today it is satisfied that there were no unlicensed or smuggled shipments of arms involved in the South Amboy, N. J., explosion last week.

Press officer Lincoln White was asked at a news conference whether state department officials had satisfied themselves on this point. He said "Absolutely."

## Longest Tunnel in Country Is Opened

NEW YORK, May 26—(AP)—Mayor William O'Dwyer Thursday officially opened Brooklyn-Battery tunnel—longest in the country—connecting Manhattan and Brooklyn under the East river.

After the mayor snipped a gold ribbon across the Manhattan entrance to the tunnel, he called the project a significant achievement in a country "crying for improved communication."

**Cites Man's Death Cycle**  
NEW YORK—(P)—The oldest people now living apparently do not reach greater ages than the ancients, says Dr. Edward S. Deevey, Jr., Yale zoologist, in the "Scientific American."

Deevey thinks long life runs in families, but he believes the amount of living a man can pack into a life is about uniform. Those who live longer live more slowly. The maximum life span seems to be about 115 or 120 years, he says.

William Henry Harrison was first governor of Indiana territory.

# Junior Legion Of Sedalia Wins 6th Tilt

Post 16 Team Downed Boonville By Score of 9-2

The Sedalia Junior American Legion baseball team won its sixth straight game Thursday night by downing the Boonville Legions 9 to 2 in Boonville.

Sedalia trailed until the sixth inning, at which time the locals scored six runs. Dave Johnson started on the hill for Sedalia and only allowed two unearned runs, in the four frames he pitched. Bill Arnold took over for Sedalia in the fifth and held the Boonville team to one hit and no runs.

Davis started on the mound for Boonville and pitched scoreless ball until the sixth inning. During his pitching, he allowed six hits, and was relieved in the sixth by McCown.

## Leading Hitters

Floyd Burton, Sedalia slugger, got three hits. Cochran, Shawver, and Broadus each connected with two hits for Sedalia. The Boonville team tallied three hits, but no player got more than one hit.

Johnson's battery mate was Larry Mines. Johnson struck out four batters. Arnold's receiver was John Cochran. Arnold struck out six at the plate.

David fanned five and McCown struck out one. Kellogg caught for Boonville.

The Sedalia Legions will play the Teen-Age Blues Sunday afternoon at House Park. Virgil Rogers or Delph will probably pitch for the Legion team.

Score by innings:

	R	H	E
Sedalia	000	006	201
Boonville	000	200	000

# Yankees Are Topping Last Year's Record

By Jack Hand

Associated Press Sports Writer Any day now you'll hear the wail: "Break up the Yankees."

Thundering through the west with eight straight victories, the world champs head east with a 3 1/2 game lead in the American League.

Casey Stengel's surprising New Yorkers are doing better than the 1949 "miracle team." A year ago today they had a 22-10 record. Now it's 22-8.

And they're doing it without "Old Reliable"—Tommy Henrich—sidelined by a knee injury.

## High Spots of Trip

High spots of the trip were the three-game sweep in Cleveland and yesterday's 6-4 triumph over Detroit. Oddly enough, it was just a year ago that Tommy Byrne silenced the Tigers for decision No. 22. He went it alone that afternoon. Yesterday he needed help from Joe Page in the late innings.

# 9-0 Shutout For Colonels

By the Associated Press

Righthander Jackie Griffore pitched the Louisville Colonels to a 9-0 shutout victory over Minneapolis in the American Association last night.

The victory ended a five-game winning streak for the second place Millers. Louisville retained sole possession of sixth place.

Standings	W.	L.	Pct.	G. B.
Indianapolis	23	10	.697	
Minneapolis	15	10	.650	3
St. Paul	13	12	.520	6
Columbus	13	14	.481	7
Milwaukee	13	14	.481	7
Louisville	15	17	.469	7 1/2
Kansas City	12	15	.444	8
Toledo	9	21	.300	12 1/2

Tonight's Schedule  
Toledo at Kansas City (doubleheader).  
Columbus at Milwaukee.  
Indianapolis at St. Paul.  
Louisville at Minneapolis.

## Drivers Prepare For The Big Race

INDIANAPOLIS, May 28—(P)—Some 40 drivers will match speeds tomorrow and Sunday in the final eliminations for the 500-mile Memorial day auto race. Eleven spots are open in the 33-car field.

Troy Rutman of Ontario, Calif., who escaped with minor injuries May 12 in a brush with a retaining wall, will be back on the track this week-end. Mechanics had to rebuild his Bowes Seal fast special from the ground up after he lost it at about 134 miles an hour.

Other heavy-footed drivers with a last chance to qualify this week-end include veteran Dupe Nalon, Sherman Oaks, Calif., in a rebuilt "jovi special he wrecked last year; Jim Rathmann, Alhambra, Calif., hot rod specialist; Mark Light, Lebanon, Pa., who holds several eastern dirt track records, and Lee Wallard, Altamont, N.Y., 39, who was an early leader in the 1949 "500."

Chef Miller, Nalon's teammate on the Novi team as successor to the late Rex Mays, also hopes to qualify this week-end for his 15th Memorial day race.

The first 22 qualifiers averaged 131.84 miles an hour, topped by the 134.343 record of Walt Faulkner, North Long Beach, Calif. About 12 of the remaining cars were in the 130-mile-an hour class.

## K. of C. Softball Team to Windsor

The Knights of Columbus softball team will journey to Windsor tonight for a regular Tri-County league game. This game is scheduled for 8:30. All players are requested to be on hand at the Knights of Columbus hall at 8:30 for a short meeting before leaving for Windsor. The Knights have a record in league play at the present time of 1 and 1. During June league games will be played on Tuesday and Friday evenings.

# Prospects For U. S. Golfers Look Bright

ST. ANDREWS, Scotland, May 26—(P)—Three of America's finest amateur golfers—Frank Stranahan, Jim McHale and Dick Chapman—crowded into the semi-finals of the British championship today along with Cyril Tolley, 54-year-old veteran who won the title 30 years ago.

Prospects for an all-American final tomorrow were more than bright as Stranahan, the 48 champion, teed off against the bulky Tolley in the afternoon round. Chapman, former U.S. amateur king, clashed with McHale, the Walker cup star from Philadelphia.

## Zaharias is Golf Favorite

NEWTON, Mass., May 26—(P)—She claims she's "just not hitting that ball the way I like to" but Babe Didrickson Zaharias is pre-tee off favorite in the \$3,000 Women's Eastern Open golf championship tournament which begins today.

The incomparable Babe and Louise Suggs, deft Georgia golfer, generally are considered the two girls who must be beaten by any of 31 other contestants who will play through Sunday at Woodland golf club.

The Babe and Louise finished one-two in last week's Weather-vane tournament at White Plains, N.Y.

## Davis Cup Hopes Are on Schroeder

LOS ANGELES, May 26—(P)—America's chances of keeping the Davis cup this year depend to a large extent on Ted Schroeder and Schroeder's membership on the 1950 team appears highly questionable today.

Durable Ted, who teamed with the sparkling Jack Kramer to bring the cup to the U. S. in 1946, and has helped keep it here since, once again is faced with a familiar problem.

He cannot take the time off from work to play the four tournaments he should to qualify, as it were for the cup team this year. And in justice to the cup selection committee, himself and other aspirants for the honors, he has suggested that he be omitted from Davis Cup consideration.

# Lindell's Double Won For Cards

His 13th Inning Blow Was Spark For 7 to 5 Victory

By the Associated Press

The New York Yankees had no use for Johnny Lindell, but he certainly came in handy to the St. Louis Cardinals in New York yesterday. His 13th-inning double was the spark for a 7-5 victory over the Giants, giving the Red Birds four out of their last five games.

The Cardinals had blown a 5 to 1 lead when the Giants pounded Howard Pollet for four runs in the sixth, but Al Brazle took over in brilliant form and was touched for only two hits from there on.

Kirby Higbe, No. 3 of five New York pitchers called upon, also was fine right along with Brazle, holding the Cards to one hit until the final round.

## Tight in Pinches

Brazle was tight in the pinches, stopping the Giants with the bases full in the seventh and again in the 11th.

In the 13th, Red Schoendienst led off with a walk. Stan Musial singled (for his third hit) and then Lindell poled his double off Al Dark's glove as the shortstop tried for a diving stop. Monte Kennedy relieved Higbe and Enos Slaughter singled Musial across. Sheldou Jones replaced Kennedy and stopped the show.

The Cardinals now move to Cincinnati for a series opening tonight.

In St. Louis yesterday the Browns and the Boston Red Sox both fattened their batting averages as the Red Sox took a 15-12 verdict, mainly with home runs. It was Boston's fourth straight over the Browns.

Four-baggers accounted for ten of the Boston runs, the most damaging being a grand slam by Walt Dropo in the eighth. In that inning the Red Sox made six runs and wiped out an 11-7 deficit. The other Boston homers were by Clyde Vollmer, Vern Stephens and Al Zarilla.

# Second Round Opened Today

FORT WORTH, Tex., May 26—(P)—A couple of southern gentlemen with smoking putters—Sam Snead and Stewart (Skip) Alexander—led the \$15,000 Colonial Invitation golf tournament into its second round today.

They shot four-under-par 66s yesterday to tie for the top in the opening 18 holes. Snead got an eagle on the first hole, birdies on 11 and 17 and pars on all other holes—one of the few such rounds—ever shot in this tournament.

The White Sulphur Springs, W. Va., sweet swinger, just had no trouble at all. He missed only three greens.

# Wakefield Sold by Yanks To Oakland

DETROIT, May 26—(P)—The New York Yankees have sold Dick Wakefield to Oakland of the Pacific Coast League, but the big outfielder stuck to his assertions (that he would not play minor league ball.

A one sentence announcement by the Yankees said the sale was effected for an undisclosed price after all clubs in the American and National leagues had waived on him.

## Another Chapter In Events

The sale marked another chapter in the chain of events that began April 28 when Wakefield refused to report to the Chicago White Sox after the Yankees sold him to that American league club.

Wakefield, a lonesome looking specialist at the Detroit-New York game here yesterday, heard the news from Yankee traveling secretary Frank Scott just before game time.

"I was very surprised, extremely surprised by it all," the former Detroit Tiger bonus player commented.

One of Wakefield's first acts was to put in a telephone call for Baseball Commissioner Happy Chandler at the latter's Cincinnati office, but he was not available.

"I'll keep calling until I get him and then I'll go to Cincinnati to see him," Wakefield told newsmen as he left the telephone booth.

One of his first reactions was to indicate an interest in buying his contract, which would make him a free agent and eligible to deal with any baseball club, major or minor, for a job. The Oakland

team, however, said it would not let him buy the contract.

Announcement that Wakefield had been shipped down to the minors came after several weeks of verbal sparring between Wakefield, the Yankees and the Chicago White Sox.

## A \$52,000 Bonus Player

The former \$52,000 bonus player was traded to the Yankees last winter by the Detroit Tigers who had paid him a \$22,500 salary in 1949 only to see him ride the bench

most of the season. He hit only .206.

After a couple of days as a hold-out in spring training, Wakefield reached agreement with the New York club on a reported \$17,100 salary. But the pay cut irked him.
